Dear Sirs:

Dear Sirs:

We are writing to you,
about the increase in our "Electric
home discount" that may be taken
off after May 30, 2011.

Yours sincerely,
[Signature]

When we purchased our
"manufactured home" we were advised by
the salesperson that we were getting the
"all electric Home Discount" always as was
stated by the electric utility provided to
us. What happened to that promise?

Please be aware that it will affect our lives without the discount we now have, as we are retired for 30 yrs and our income is very low, since a raise! Prices now have gone up at least 50% on everything, we can not afford an increase in the electric. Please help us. as we are desperate!

Thank you Sincerely
I am T. Brimble

Thank you Sincerely

Mr. and Mrs. T. Linnell
