Attention: All Electric Home Discount

Gentlemen:

I own an "All Electric Home" in a Manufactured Home Park, Columbia Park, in Olimsted Township, for 13 years, this is a Community of 55 and over occupants.

I understood when I purchased my home, it was "All Electric" and I would have a Discount on my Electric Bills, a so-called "Grandfathers Clause" that would be forever.

When one fives on Social Security and receives an Electric Bill for one month of \$277.00, that takes a good portion of the SS Benefit, also along with a payment of over \$500.00 for lot rent my home is on.

Please consider retaining the Discount. It will be greatly appreciated by all of us who have "All Electric Homes"

Yours truly.

Marie F. Lansky Janua Ry
