PUCO,

I live in Olmsted Township, Columbia Mobile Home Park. Recently our Homeowners/Tenants Association advised us to write to the PUCO concerning the all electric home discount.

I do not live in an all electric home so I am not directly affected, but I expect the PUCO will issue a ruling that will involve me. I predict that the PUCO will rule that all electric homeowners will continue to get their discount, but that all electric customers will pay an additional fee to make up for the lost income to First Energy. I think this would be grossly unfair and I hope that the PUCO will oppose such a "compromise".

I believe either First Energy had a verbal or written contract with the all electric homeowners or they didn't. I will leave it up to lawyers to decide this. If there was a contract then First Energy should assume all costs - if not the all electric homeowners should pay their bills with no discount. I should not be made to pay part of the cost of all electric homeowners electric bill.
