

BEFORE

THE PUBLIC UTILITIES COMMISSION OF OHIO

In the Matter of the Application of )  
The Cleveland Electric Illuminating )  
Company for Approval of a Revision ) Case No. 10-2984-EL-ATA  
to the Street Lighting Charge of the Existing )  
Non-Residential Deferred Distribution )  
Cost Recovery Rider. )

FINDING AND ORDER

The Commission finds:

- (1) The Cleveland Electric Illuminating Company (CEI or Applicant) is a public utility as defined in Section 4905.02, Revised Code, and, as such, is subject to the jurisdiction of this Commission.
- (2) On December 10, 2010, the Applicant filed an application to revise its existing Non-Residential Deferred Distribution Cost Recovery Rider (Rider NDD) pursuant to Section 4909.18, Revised Code.
- (3) The Finding and Order in Case No. 09-642-EL-ATA permitted the Applicant to establish Rider NDD to recover actual August 31, 2009, balances related to the post May 31, 2007, Electric Transition Plan (ETP) Transition Tax, Line Extension and RCP Distribution deferrals. The charges are being collected through May 31, 2011, with periodic updates and reconciliations.
- (4) By this Application, CEI is requesting authority to modify the Rider NDD rate that is applicable to Street Lighting Customers. The modification is necessary to alleviate an expectation of an over collection and reduce the reconciliation variation due to the over collection. The applicable rate for Street Lighting customers will be 1.5571 cents per kWh through May 31, 2011.
- (5) The Commission finds that the proposed revision to the Applicant's Rider NDD does not appear to be unjust or unreasonable and should be approved.

It is, therefore,

ORDERED, That the application filed by Cleveland Electric Illuminating Company on December 10, 2010, be approved. It is, further,

ORDERED, That the Applicant file, in final form, four complete copies of tariffs consistent with this Finding and Order. One copy shall be filed with this case docket, one shall be filed with the Applicant's TRF docket, and the remaining two copies shall be designated for distribution to the Rates and Tariffs Division of the Commission's Utilities Department. The Company shall also update its respective tariff previously filed electronically with the Commission's Docketing Division. It is, further,

ORDERED, That the effective date of the new tariff shall be the date upon which four complete printed copies of the final tariff is filed with the Commission. The new tariff shall be effective for services rendered on or after such effective date. It is, further,

ORDERED, That the Applicant shall notify all affected customers via a bill message or via a bill insert within 30 days of the effective date of the tariffs. A copy of the customer notice shall be submitted to the Commission's Service Monitoring and Enforcement Department, Reliability and Service Analysis Division, at least 10 days prior to its distribution to customers. It is, further,

ORDERED, That nothing in this Finding and Order shall be binding upon this Commission in any future proceeding or investigation involving the justness or reasonableness of any rate, charge, rule or regulation. It is, further,

ORDERED, That a copy of this Finding and Order be served upon all parties of record.
