Staff Interrogatories – Initial Set

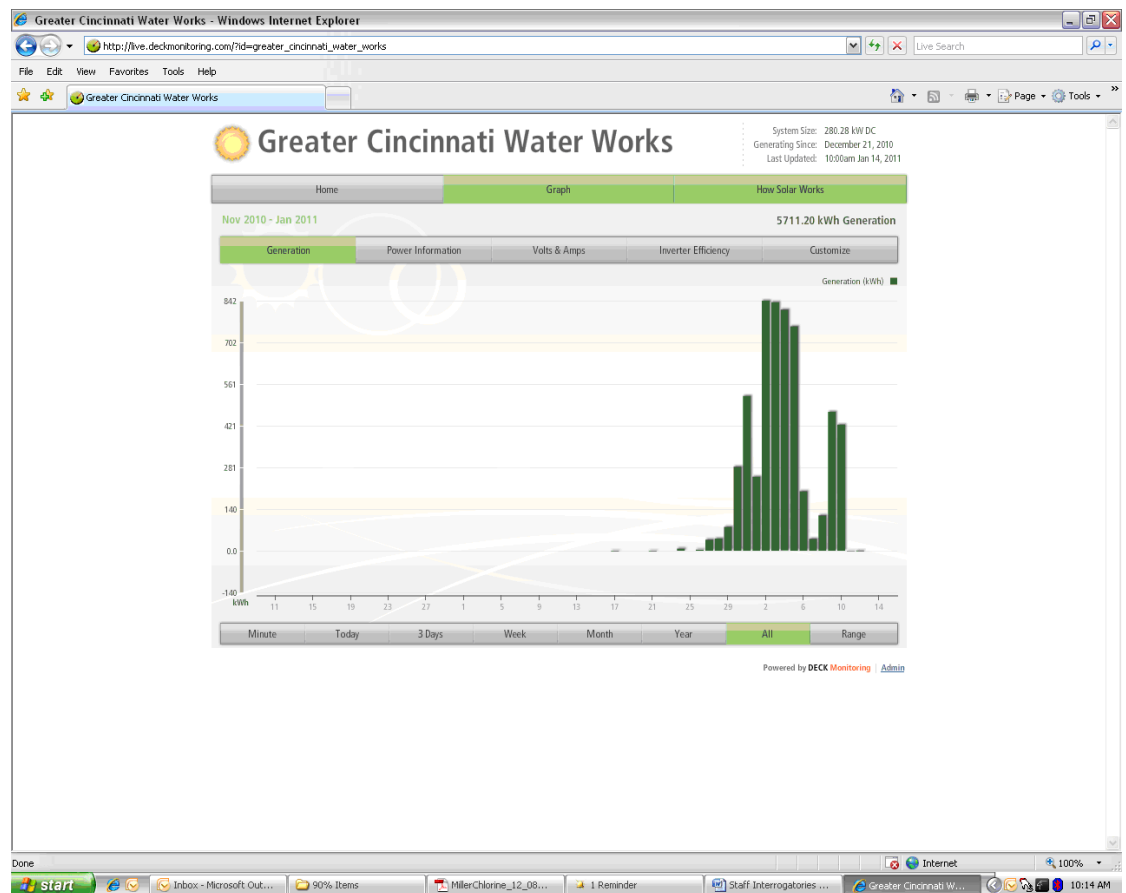

Question 1: Please confirm in the space below that the name of the facility should be 'Cincinnati Water Works' instead of 'Cincinnati Water Works' as listed on the application.

Answer 1: Yes, this was a typographical error. The name of the facility is Cincinnati Water Works.

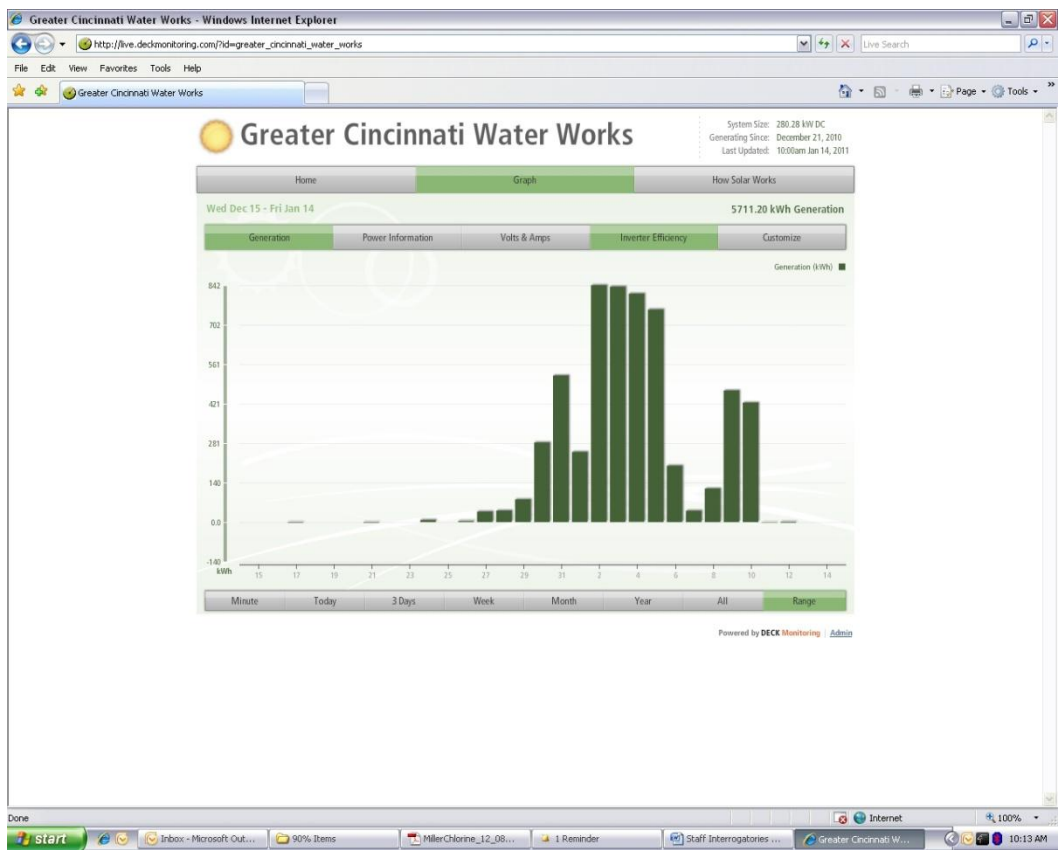

Question 2: In Section O of the application there was no documentation provided for the requested start date (12/1/10) for purposes of recognizing historical RECs. Please provide a screenshot from the remote monitoring system displaying the generation data from 12/1/10 forward in the space below.

Answer 2:

The below screen shot represents November 1 thru Jan. 14, 2010. Notice that no energy was produced prior to the December 1, 2010 date.

The below screen shot is a more detailed view of the month of December. Note that even though the system came online on December 1, 2010 no energy was produced until the 17th.
