COMPLAINT DESCRIPTION:

I object to having to pay for the charges relating to the all electric home rate. First Energy gave those people an incentive to build all electric homes.

Now they want us to pay for their discount, it should come out of First Energy, especially the CEO's exorbitant pay which should not be included in any rate variable.

Please docket the attached in the case number above.

re: All Electric Home Discount

Dear PUCO,

As a senior citizen in this ever changing economy, the stressful situations we have been put into, have been devastating. Many things are out of our hands, but the issue of increased electric utility rates by losing the "All Electric Home Discount" is unconscionable.

We were advised by the sales staff here at Columbia Park, a manufactured home community for 55 and older, when we bought our homes, that we will be receiving the "All Electric Home Discount". That discount has been in existence for over four decades. We can not afford to lose it. Many neighbors have had to leave Columbia Park due to uncontrollable financial circumstances.

As seniors we are not part of the greedy generation, we are only attempting to survive as we move forward in our lives since we moved to Columbia Park, sometimes referred to as "God's waiting room".

You have heard many stories over the last ten months or so about this issue. PUCO, please . . . we need you to consider us in your decision and need to have this "All Electric Home Discount" permanent.

Thank you,

Additional comments It seems so interesting to me at this
age of eighty one myself.
Our generation is known as the working's training
to save generation & helped to make this country
what it was.
Now as our senior citizens are need this pro-
gram you are considering cutting it.
We have not gotten a cut of living for two yrs
& now they want to cut Social Security & Medicare
where does it end.

Sincerely,
Gloria
