INVESTIGATION AND AUDIT DIVISION
PUBLIC UTILITIES COMMISSION OF OHIO

We are senior citizens, lifelong residents of Sandusky, O., Paul, will be 82 on Feb. 21 my wife of 47 years, Kathy, is 76.

Our monthly income from Social Security and NASA is \$1288.⁰⁰. Our president has declared there will be no cost-of-living increase in 2011, even though gasoline is \$3.⁰⁰ + / gal, and \$4.⁰⁰ / gal is predicted this summer.

Therefore, we are digging into our savings every month, and cannot afford any increase in electricity.

Please keep your promise of the 1960's namely, a discounted rate to all-electric home owners, thereby enabling us to continue to live in our all electric home.

Thank you for your positive consideration,
