Re: Case No. 07-464-TP-UNC
Case No. 90-5032-TP-TRF

Dear Ms. Jenkins:

On February 8, 2011, tariff pages for the Ameritech Operating Companies were filed with the Federal Communications Commission under Transmittal No. 1729. This filing in the FCC No. 2 Tariff became effective on February 23, 2011.

The filing was made by AT&T to discontinue offering its' Wideband Analog Video Service (WAVS). The manufacturer of the equipment used to provision WAVS discontinued manufacturing the equipment in 2004 due to significant advances in digital signaling processing technology. Ameritech's 214 application for discontinuance of WAVS was automatically deemed granted effective January 31, 2011. There are no customers currently subscribing to this service.

These tariff pages can also be viewed on the FCC website at <http://svartifoss2.fcc.gov>. Once you have accessed the page, please follow the following steps to access this filing:

1. Click on FCC Electronic Filing and Public Access Systems.
2. Click on Electronic Tariff Filing System (ETFS).
3. Click on Public Access.
4. Click on the Browse Filed Tariff Documents block.
5. Click on the Browse Filed by an ILEC block.
6. Click on Ameritech Services.
7. Click on FCC 2 - Access Services.
8. Locate tariff pages for Transmittal No. 1729 and click on the block showing "Acrobat PDF" (third column from the left).

This process will provide you with the specific pages filed by SBC for Ohio.

Should you have any questions or require additional information, please contact me at 223-8184.

Very truly yours,

Susan Drombetta
Area Manager-Regulatory Affairs

Patrick Doherty
Director – Access Regulatory Affairs
Four AT&T Plaza
Room 1921
Dallas, Texas 75202

This filing is being made on a streamlined basis on 15 days notice under Section 204(a) (3) of the Communications Act.

FRN: 0020-5728-30

February 8, 2011

Transmittal No. 1729

Ms. Marlene H. Dortch
Secretary
Federal Communications Commission
Washington, D.C. 20554

Attention: Wireline Competition Bureau

The accompanying tariff material, issued by Ameritech Operating Companies (Ameritech) and bearing Tariff F.C.C. No. 2, is sent to you for filing in compliance with the requirements of the Communications Act of 1934, as amended.

This filing, scheduled to become effective February 23, 2011, consists of the tariff pages as indicated on the following Check Sheets:

<u>Tariff F.C.C. No.</u>	<u>Check Sheet Revision No.</u>
2	1562nd Revised Page 1
	224th Revised Page 1.5
	131st Revised Page 1.7
	110th Revised Page 1.8
	64th Revised Page 1.16

With this filing, Ameritech is proposing to discontinue offering its' Wideband Analog Video Service (WAVS). The manufacturer of the equipment used to provision WAVS discontinued manufacturing the equipment in 2004 due to significant advances in digital signaling processing technology. Ameritech's 214 application for discontinuance of WAVS was automatically deemed granted effective January 31, 2011. There are no customers currently subscribing to this service.

In accordance with Section 61.14, this transmittal letter and associated attachments are being filed electronically today via the Federal Communications Commission's Electronic Tariff Filing System (ETFS) in compliance with the electronic filing procedures.

Wireline Competition Bureau

Page 2

February 8, 2011

Payment in the amount of \$815.00 has been electronically transmitted to the US Bank in St. Louis, Missouri, in accordance with the fee program procedures. The Form 159 is being transmitted electronically via ETFS as a proprietary document. These actions have been committed on the date established as the issued (filed) date as reflected above.

Personal or facsimile service petitions against this Transmittal, as required under Section 1.773(a)(4) of the Commission's Rules, should be sent to Scott Murray, Area Manager – Rates/Tariffs, 311 S. Akard St., Room 1940.04, Dallas, TX 75202, facsimile number (214) 858-0639. All other correspondence and inquiries concerning this Transmittal should be addressed to Debra L. Clemens, Director-Federal Regulatory, (202) 457-3066, 1120 20th Street, N.W., Suite 1000, Washington, D.C. 20036.

Sincerely,

A handwritten signature in black ink, reading "Patrick R. Doherty". The signature is written in a cursive style with a large, stylized "P" and a long, sweeping underline.

ACCESS SERVICE

7. Special Access Service (Cont'd)

7.1 General (Cont'd)

7.1.1 Channel Types (Cont'd)

Detailed descriptions of each of the channel types are provided in 7.2 following.

The customer also has the option of ordering direct analog service, or DS1 or DS3 Service operating at terminating speeds of 1.544 Mbps or 44.736 Mbps, to a Telephone Company Hub for multiplexing to individual channels of a lower capacity or bandwidth. Descriptions of the types of multiplexing available at the Hubs, as well as the number of individual channels which may be derived from each type of facility are set forth in 7.2 following. Additionally, the customer may specify optional features for the individual channels derived from the facility to further tailor the channel to meet specific communications requirements. Descriptions of the optional features and functions available are also set forth in 7.2 following.

For example, a customer may order a 44.736 Mbps facility from a customer designated premises to a Telephone Company Hub for multiplexing to twenty eight 1.544 Mbps channels. The 1.544 Mbps channels may be further multiplexed at the same or a different Hub to Direct Analog Service or Wideband Analog* (i.e., Group Level) channels or may be extended to other customer designated premises. Optional features may be added to either the 1.544 Mbps or the Direct Analog Service Channels.

Supertrunking Video Service (SVS) may be ordered between customer designated premises or from a customer designated premises to a Telephone Company Central Office for the purposes of splitting the video signal for distribution to multiple customer premises in a multipoint circuit.

Multichannel Video Service (MVS) may be ordered as MVS-A Hub Transport, between a Customer designated premises and a Telephone Company Video Hub for cross connecting to other video services, or as MVS-A Customer Premises transport, between customer designated premises via a Telephone Company Central Office.

7. Special Access Service (cont'd)

7.2 Service Description (cont'd)

7.2.5 Video Service (cont'd)

(C) Network Channel Interfaces (cont'd)

CI	Audio Bandwidth	Provision
06TV6.15	15kHz	1 or 2 Channels, diplexed
10TV6.15A	15kHz	1 to 4 Channels, diplexed
02WV6.J.O-		1 Channel, RF
02WV6.J.-O		1 Channel, RF
01WVF.L.O-	50Hz to 15kHz	1,2 or 4 Channels
01WVF.L.-O	50Hz to 15kHz	1,2 or 4 Channels
02WV6.K	No Audio	
02TD6.20.0-	20 kHz	1 to 6 Channels
02TD6.20.-0	20 kHz	1 to 6 Channels

(D) Optional Features and Functions

(1) Video Bridging Capability

Video Bridging Capability is available with Supertrunking Video Service (SVS) and Multichannel Video Service (MVS). When the Video Bridging Capability option is ordered in conjunction with SVS/MVS, the composite SVS/MVS signal will be optically split to allow one-way transmission to multiple customer designated premises. Each of the multiple customer premises receives the same composite SVS/MVS video signal. This option is required with SVS/MVS multipoint configurations when the splitting function is not combined with the retransmission of the SVS/MVS signal.

When MVS Video Bridging is used, all receiving segments of the circuit must have the same video service channels (MVS /C/D) as the originating segment.

(2) Video Repeater

Video Repeaters provide for the retransmission of the video signal. A Video Repeater will be required when the distance between the customer designated video customer premises is greater than the single system optical power budget. The Video Repeater function is divided into Video Receive Repeater and Video Transmitter Repeater rate elements to accommodate customer requests to simultaneously split and retransmit SVS video signals. The Video Repeater option is available for SVS video services.

ACCESS SERVICE

7. Special Access Service (cont'd)

7.4 Rate Regulations (cont'd)

- 7.4.10 Optional Payment Plan (OPP) for Base Rate, DS1, DS3,⁽²⁾, TV Analog Video Services, Digital Video Service, Supertrunking Video Services, Multichannel Video Service, and SONET Xpress Service⁽²⁾ (T)
(D)

(A) General

The Optional Payment Plan is a provision that allows a customer to select Base Rate, DS1, DS3, TV Analog Video Service, Digital Video Service, Multichannel Video Service (AMVS),⁽²⁾ (2) (excluded DS1 - 128.0, 256.0, 384.0, 512.0 and 768.0 Kbps transport) and SONET Xpress, over a 12, 24, 36, 48 or 60 month payment period. Wideband Analog Video Service (WAVS) is available with 12, 36 and 60 month payment periods; and Supertrunking Video Service (ASVS) is available with 12, 36, 60 and 84 month payment periods. Monthly rates for services installed under this Payment Plan will change as Telephone Company initiated rate changes become effective but during the OPP term will not exceed the monthly rate in effect at the beginning of the customer's OPP term.*

During the term of the selected OPP, Telephone Company initiated rate changes (increases or decreases) will automatically be applied to the monthly payments for the remaining months of the current OPP term. But in no case will any rate change cause the monthly rate during the OPP term to exceed that in effect at the beginning of the customer's OPP term.

Supertrunking Video Service, Multichannel Video Service, TV Analog Video Service, Digital Video Service and Wideband Analog Video Service⁽²⁾, rates and charges for which the OPP is available are listed in 7.5.5 following. Base Rate, DS1, and DS3 Service rates and charges for which the OPP is available are listed in 7.5.9⁽²⁾ and SONET Xpress Service rates and charges for which OPP is available are listed in 7.5.12 following.

Customers subscribing to the OPP will be subject to nonrecurring charges⁽¹⁾ as specified in 7.5.13 for installation and rearrangements of service covered by the plan. The nonrecurring charges will not be spread over the OPP term. If the customer subscribes to the OPP on an existing service with no other changes, no nonrecurring charges will apply.

* For DS3 customers under an OPP as of August 4, 1992, the sum of the rates for the Service Package and Service Channels will not exceed, for the remainder of the OPP term, the rate in effect at the beginning of the customer's OPP Term.

⁽¹⁾ For Services ordered under MVP, refer to Section 19.3(E)(5).

⁽²⁾ Material in this Section has been de-tariffed as required by the Commission upon use of the forbearance relief pursuant to FCC Memorandum Opinion and Order No. 07-180, released October 12, 2007. Terms and Conditions associated with de-tariffed services are available at www.att.com/guidebook.

ACCESS SERVICE

7. Special Access Service (Cont'd)

7.4 Rate Regulations (Cont'd)

- 7.4.10 Optional Payment Plan (OPP) for Base Rate, DS1, DS3,⁽¹⁾ TV Analog Video Services, Digital Video Service, Supertrunking Video Services, Multichannel Video Service, and SONET Express Service⁽¹⁾ (Cont'd)

(T)
(D)

(A) General (Cont'd)

At the expiration of the OPP term and if the customer wishes to continue Base Rate, DS1, DS3, TV Analog Video Service, Digital Video Service, ASVS, AMVS, WAVS⁽¹⁾ or SONET Xpress Service, the customer may select a new OPP at the prevailing OPP rate. If a customer does not wish to renew the OPP at the expiration of the term, the customer's service will automatically convert to month-to-month or DS3,⁽¹⁾ or SONET Xpress Monthly Extension rates.

(B) Prepayment of an OPP

A customer may, at any time during an OPP term, elect to prepay the remaining monthly charges for the rest of the term. The prepayment amount will be adjusted for the time value of money. Recurring charges will cease for the rest of the term and start up again at the end of the OPP if service has not been disconnected. If prepayment has been elected and the service is discontinued prior to the end of the OPP term, a credit for the unused portion of the OPP term, adjusted for the time value of money, will be given to the customer. Termination charges will still be applicable. Once a customer selects the prepayment option, the prepaid amount is not adjusted for company initiated rate changes that occur during the period for which the customer has prepaid.

(C) OPP Termination Liabilities

Customers requesting termination of service prior to the expiration date of the OPP term will be liable for a termination charge. The termination charge for all OPP terms, except for Base Rate OPP terms subscribed to after October 8, 1997, DS1 and DS3 OPP terms subscribed to after February 20, 1997 and DS3 Service Packages with an Optical Interface (see 7.4.10 C(i)), will be calculated as follows:

The dollar difference between the current OPP rate for the OPP term that could have been completed during the time the service was actually in service, or the monthly rate for services in place less than 12 months, and the customer's current OPP rate for each month the service was provided.

⁽¹⁾ Material in this Section has been de-tariffed as required by the Commission upon use of the forbearance relief pursuant to FCC Memorandum Opinion and Order No. 07-180, released October 12, 2007. Terms and Conditions associated with de-tariffed services are available at www.att.com/guidebook.
