MEMORANDUM IN SUPPORT

Section 4903.221, Revised Code, and Rule 4901-1-11 of the Ohio Administrative Code establish the standard for intervention, providing in relevant part:

- (A) Upon timely motion, any person shall be permitted to intervene in a proceeding upon a showing that:

- (2) The person has a real and substantial interest in the proceeding, and the person is so situated that the disposition of the proceeding may, as a practical matter, impair or impede his or her ability to protect that interest, unless the person's interest is adequately represented by existing parties.
- (B) In deciding whether to permit intervention under paragraph (A) (2) of this rule, the commission, the legal director, the deputy legal director, or an attorney examiner shall consider:
- (1) The nature and extent of the prospective intervenor's interest.
 - (2) The legal position advanced by the prospective intervenor and its probable relation to the merits of the case.
 - (3) Whether the intervention by the prospective intervenor will unduly prolong or delay the proceedings.
 - (4) Whether the prospective intervenor will significantly contribute to full development and equitable resolution of the factual issues.
 - (5) The extent to which the person's interest is represented by existing parties.¹

A review of these criteria supports granting AEP Retail's intervention in this proceeding.

AEP Retail provides electricity and energy-related services to more than 1000 retail customers in Ohio, representing approximately 200 MW of load. It is a certified competitive retail electric supplier (CRES), licensed by the Commission to sell power in all regions of the state of Ohio, including in AEP Ohio's service area.

¹ The factors in Rule 4901-1-11 (B) (1) – (4) are consistent with §4903.221 (B), Ohio Rev. Code.

Through a March 18, 2009 Opinion and Order and a July 23, 2009 Entry on Rehearing in Case Nos. 08-917-EL-SSO and 08-918-EL-SSO, the Commission approved a modified Electric Security Plan (ESP) to be in effect for AEP Ohio from 2009 through the end of 2011. AEP Ohio's recent application requests authority for a standard service offer in the form of an Electric Security Plan that will be in effect for the period January 1, 2012, through May 31, 2014.

AEP Retail has existing and potential business interests in Ohio which will be affected by the outcome of the proceeding. The Commission's decision in this matter will affect the viability of the competitive retail electric market in Ohio, in which AEP Retail provides electric power and other services to retail customers across the state. AEP Retail is an active market participant and has experience in the development of a competitive bidding process, and will be able to assist the Commission in developing a complete record in this proceeding.

AEP Retail's intervention will not prolong or delay this proceeding. This motion is timely, precedes all discovery or other procedural termination dates, and is filed more than five days before the hearing deadline established in Rule 4901-1-29.

For the foregoing reasons, AEP Retail respectfully requests that the Commission grant this joint motion for leave to intervene and that AEP Retail be made a full party of record in this proceeding.

Respectfully submitted,

Jay E. Jadwin, Counsel of Record
