RESIDENTIAL SERVICE

**Optional Heating Rate
(Experimental)**

Availability:

Available for single family residential service supplied through one meter where electricity is the primary source of heat, where at least ninety-five percent of the electrical consumption is within the residence and where annual usage is generally in excess of 10,800 kWh.

When service is used through the same meter for both residential and commercial purposes the applicable general service rate schedule shall apply.

This rate schedule is not available for service to a commercial, institutional or industrial establishment.

Services:

Alternating current, 60 Hz, single phase, nominal voltage 120/240 or 120/208 as available.

The Company designs and operates its electric system to provide service voltages within the limits specified in American National Standard Voltage Ratings for Electric Power Systems and Equipment (60 Hz) C 84.1-1982.

Rates:

The monthly charge per customer shall be:

	<u>Summer</u>	<u>Winter</u>
Customer Charge:	\$ 8.29	\$ 8.29
Energy Charge:		
First 900 KWH, per KWH	8.695¢	8.695¢
Balance of KWH, per KWH	8.695¢	2.50¢

The Winter Rates shall be applicable for the eight consecutive billing periods of October through May. The Summer Rates shall apply in all other billing periods.

Minimum Charge:

Customer charge

Special Provisions:

Where a customer has installed electric water heating equipment with a minimum of eighty gallons of tank capacity and the necessary wiring and devices that will permit the Company to control the operation of the water heating equipment during peak load hours, the application of the rates specified above shall be modified as follows:

The customer charge shall be increased to \$11.29 and any KWH usage between 550 KWH and 900 KWH per month shall be priced at 2.50¢ per KWH.

PIP Arrearage Adjustment:

The energy charge shall be adjusted in accordance with the Percentage of Income Payment Plan Rider shown on Sheet No. 54.

Fuel Adjustment:

The energy charge shall be adjusted in accordance with the Electric Fuel Component Rider shown on Sheet No. 40.

(Continued)

Company
Exhibit 43

(Continued)

Mirror Construction Work in Progress (CWIP) Adjustment:

Bills shall be adjusted in accordance with the Construction Work in Progress (CWIP) Adjustment Rider shown on Sheet No. 56.

Terms of Payment:

If the bill payment is not received by the Company offices two days prior to the next scheduled meter reading date, an additional amount equal to 1.5% shall be charged on any unpaid balance existing after this date. This provision is not applicable to (1) unpaid account balances existing on the effective date of tariffs approved pursuant to the Order in Case 83-1130-EL-AIR, or (2) unpaid account balances of customers enrolled on income payment plans pursuant to 4901:1-18-04, Ohio Administrative Code.

Rules and Regulations:

The Company's Standard Rules and Regulations shall apply to the installation and use of electric service.

Motors and equipment served under this rate schedule must have electrical characteristics so as not to interfere with service supplied to other customers of the Company.

Contract:

Customers selecting this rate schedule must agree to be billed hereunder for a minimum period of one year.

LEGAL NOTICE

The Public Utilities Commission of Ohio has scheduled local hearings and an evidentiary hearing in Case No. 10-176-EL-ATA, *In the Matter of the Application of Ohio Edison Company, The Cleveland Electric Illuminating Company, and The Toledo Edison Company for Approval of a New Rider and Revision of an Existing Rider*. In this proceeding, the Commission will consider the companies' application to provide rate relief for certain all-electric residential customers. On September 24, 2010, the staff of the Public Utilities Commission of Ohio issued a report of its investigation into the application filed by the companies. In the staff report, staff provided a range of options regarding potential rates to be charged to all-electric residential customers.

The local hearings are scheduled for the purpose of providing an opportunity for interested members of the public to testify in this proceeding regarding potential rates to be charged to customers in all-electric homes. Major issues in this case include:

Commitments: If you are in an all-electric home, what contracts or written documentation do you have regarding your electric rates now and in the future? Was there a commitment that the rate would remain with the home for future owners?

Electric vs. Natural Gas: If you are in an all-electric home, do you think the Commission should take into account, in setting rates, any difference in cost between heating a home with natural gas or with electricity?

Rate Shock: All-electric homes have had discounted rates for many years. However, future events and policy changes, such as federal environment regulations and wholesale market changes, could make it necessary to alter the discount that may be approved in this case. What is a fair way to move or phase in all-electric home bills to accommodate these changes without causing rate shock and without burdening other customers?

Due to weather conditions, the local hearing originally scheduled for October 26, 2010, in Maumee, Ohio, was cancelled. This hearing has been rescheduled for Thursday, November 18, 2010, at 6:00 p.m., at the Maumee Municipal Building, 400 Conant Street, Maumee, Ohio, 43537.

Other local hearings will be held as follows:

- (a) Thursday, November 18, 2010, at 6:00 p.m., at the Springfield City Hall, City Forum – 1st Floor, 76 East High Street, Springfield, Ohio 45502
- (b) Monday, November 22, 2010, at 6:00 p.m., at the North Ridgeville Education Center Community Room, 5490 Mills Creek Lane, North Ridgeville, Ohio 44039.
- (c) Tuesday, November 23, 2010, at 6:00 p.m., at Lakeland Community College, 7700 Clocktower Drive, Kirtland, Ohio 44094-5198.

The evidentiary hearing in this proceeding will commence on Monday, November 29, 2010, at 10:00 a.m., at the offices of the Commission, Hearing Room 11-A, 180 East Broad Street, Columbus, Ohio 43215.

Further information or a copy of the staff report may be obtained by contacting the Public Utilities Commission of Ohio, 180 East Broad Street, Columbus, Ohio 43215-3793; by calling the PUCO hotline at 1-800-686-7826; or by going to the PUCO website at www.puco.ohio.gov, selecting DIS, and inserting the case number referenced above.

LEGAL NOTICE

The Public Utilities Commission of Ohio has scheduled local hearings and an evidentiary hearing in Case No. 10-176-EL-ATA, *In the Matter of the Application of Ohio Edison Company, The Cleveland Electric Illuminating Company, and The Toledo Edison Company for Approval of a New Rider and Revision of an Existing Rider*. In this proceeding, the Commission will consider the companies' application to provide rate relief for certain all-electric residential customers. On September 24, 2010, the staff of the Public Utilities Commission of Ohio issued a report of its investigation into the application filed by the companies. In the staff report, staff provided a range of options regarding potential rates to be charged to all-electric residential customers.

The local hearings are scheduled for the purpose of providing an opportunity for interested members of the public to testify in this proceeding regarding potential rates to be charged to customers in all-electric homes. Major issues in this case include:

Commitments: If you are in an all-electric home, what contracts or written documentation do you have regarding your electric rates now and in the future? Was there a commitment that the rate would remain with the home for future owners?

Electric vs. Natural Gas: If you are in an all-electric home, do you think the Commission should take into account, in setting rates, any difference in cost between heating a home with natural gas or with electricity?

Rate Shock: All-electric homes have had discounted rates for many years. However, future events and policy changes, such as federal environment regulations and wholesale market changes, could make it necessary to alter the discount that may be approved in this case. What is a fair way to move or phase in all-electric home bills to accommodate these changes without causing rate shock and without burdening other customers?

Due to weather conditions, the local hearing originally scheduled for October 26, 2010, in Maumee, Ohio, was cancelled. This hearing has been rescheduled for Thursday, November 18, 2010, at 6:00 p.m., at the Maumee Municipal Building, 400 Conant Street, Maumee, Ohio, 43537.

Other local hearings will be held as follows:

- (a) Thursday, November 18, 2010, at 6:00 p.m., at the Springfield City Hall, City Forum – 1st Floor, 76 East High Street, Springfield, Ohio 45502
- (b) Monday, November 22, 2010, at 6:00 p.m., at the North Ridgeville Education Center Community Room, 5490 Mills Creek Lane, North Ridgeville, Ohio 44039.
- (c) Tuesday, November 23, 2010, at 6:00 p.m., at Lakeland Community College, 7700 Clocktower Drive, Kirtland, Ohio 44094-5198.

The evidentiary hearing in this proceeding will commence on Monday, November 29, 2010, at 10:00 a.m., at the offices of the Commission, Hearing Room 11-A, 180 East Broad Street, Columbus, Ohio 43215.

Further information or a copy of the staff report may be obtained by contacting the Public Utilities Commission of Ohio, 180 East Broad Street, Columbus, Ohio 43215-3793; by calling the PUCO hotline at 1-800-686-7826; or by going to the PUCO website at www.puco.ohio.gov, selecting DIS, and inserting the case number referenced above.

However, future events and policy changes, such as federal environment regulations and wholesale market changes, could make it necessary to alter the discount that may be approved in this case. What is a fair way to move or phase in all-electric home bills to accommodate these changes without causing rate shock and without burdening other customers?

The local hearings will be held as follows:

- Monday, October 25, 2010, at 6:00 p.m., at the Sandusky Community Church of the Nazarene, 1617 Milan Road, Sandusky, Ohio 44870.
- Tuesday, October 26, 2010, at 6:00 p.m., at the Maumee Municipal Building, 400 Conant Street, Maumee, Ohio 43537.
- Wednesday, October 27, 2010, at 6:00 p.m., at the Strongsville High School, 20025 Lunn Road, Strongsville, Ohio 44149.
- Thursday, November 18, 2010, at 6:00 p.m., at the Springfield City Hall, City Forum - 1st Floor, 76 East High Street, Springfield, Ohio 45502.
- Monday, November 22, 2010, at 6:00 p.m., at the North Ridgeville Education Center Community Room, 5490 Mills Creek Lane, North Ridgeville, Ohio 44039.
- Tuesday, November 23, 2010, at 6:00 p.m., at Lakeland Community College, 7700 Clocktower Drive, Kirtland, Ohio 44094-5198.

The evidentiary hearing in this proceeding will commence on Monday, November 29, 2010, at 10:00 a.m., at the offices of the Commission, Hearing Room 11-A, 180 East Broad Street, Columbus, Ohio 43215.

LEGAL NOTICE

The Public Utilities Commission of Ohio has scheduled local hearings and an evidentiary hearing in Case No. 10-176-EL-ATA, In the Matter of the Application of Ohio Edison Company, The Cleveland Electric Illuminating Company, and The Toledo Edison Company for Approval of a New Rider and Revision of an Existing Rider. In this proceeding, the Commission will consider the companies' application to provide rate relief for certain all-electric residential customers. On September 24, 2010, the staff of the Public Utilities Commission of Ohio issued a report of its investigation into the application filed by the companies. In the staff report, staff provided a range of options regarding potential rates to be charged to all-electric residential customers.

The local hearings are scheduled for the purpose of providing an opportunity for interested members of the public to testify in this proceeding regarding potential rates to be charged to customers in all-electric homes. Major issues in this case include:

Commitments: If you are in an all-electric home, what contracts or written documentation do you have regarding your electric rates now and in the future? Was there a commitment that the rate would remain with the home for future owners?

Electric vs. Natural Gas: If you are in an all-electric home, do you think the Commission should take into account, in setting rates, any difference in cost between heating a home with natural gas or with electricity?

Rate Shock: All-electric homes have had discounted rates for many years. However, future events and policy changes, such as federal environment regulations and wholesale market changes, could make it necessary to alter the discount that may be approved in this case. What is a fair way to move or phase in all-electric home bills to accommodate these changes without causing rate shock and without burdening other customers?

The local hearings will be held as follows:

- Monday, October 25, 2010, at 6:00 p.m., at the Sandusky Community Church of the Nazarene, 1617 Milan Road, Sandusky, Ohio 44870.
- Tuesday, October 26, 2010, at 6:00 p.m., at the Maumee Municipal Building, 400 Conant Street, Maumee, Ohio 43537.
- Wednesday, October 27, 2010, at 6:00 p.m., at the Strongsville High School, 20025 Lunn Road, Strongsville, Ohio 44149.
- Thursday, November 18, 2010, at 6:00 p.m., at the Springfield City Hall, City Forum – 1st Floor, 76 East High Street, Springfield, Ohio 45502.
- Monday, November 22, 2010, at 6:00 p.m., at the North Ridgeville Education Center Community Room, 5490 Mills Creek Lane, North Ridgeville, Ohio 44039.
- Tuesday, November 23, 2010, at 6:00 p.m., at Lakeland Community College, 7700 Clocktower Drive, Kirtland, Ohio 44094-5198.

The evidentiary hearing in this proceeding will commence on Monday, November 29, 2010, at 10:00 a.m., at the offices of the Commission, Hearing Room 11-A, 180 East Broad Street, Columbus, Ohio 43215.

Further information or a copy of the staff report may be obtained by contacting the Public Utilities Commission of Ohio, 180 East Broad Street, Columbus, Ohio 43215-3793; by calling the PUCO hotline at 1-800-686-7826; or by going to the PUCO website at www.puco.ohio.gov, selecting DIS, and inserting the case number referenced above.

LEGAL NOTICE

The Public Utilities Commission of Ohio has scheduled local hearings and an evidentiary hearing in Case No. 10-176-EL-ATA, In the Matter of the Application of Ohio Edison Company, The Cleveland Electric Illuminating Company, and The Toledo Edison Company for Approval of a New Rider and Revision of an Existing Rider. In this proceeding, the Commission will consider the companies' application to provide rate relief for certain all-electric residential customers. On September 24, 2010, the staff of the Public Utilities Commission of Ohio issued a report of its investigation into the application filed by the companies. In the staff report, staff provided a range of options regarding potential rates to be charged to all-electric residential customers.

The local hearings are scheduled for the purpose of providing an opportunity for interested members of the public to testify in this proceeding regarding potential rates to be charged to customers in all-electric homes. Major issues in this case include:

Commitments: If you are in an all-electric home, what contracts or written documentation do you have regarding your electric rates now and in the future? Was there a commitment that the rate would remain with the home for future owners?

Electric vs. Natural Gas: If you are in an all-electric home, do you think the Commission should take into account, in setting rates, any difference in cost between heating a home with natural gas or with electricity?

Rate Shock: All-electric homes have had discounted rates for many years. However, future events and policy changes, such as federal environment regulations and wholesale market changes, could make it necessary to alter the discount that may be approved in this case. What is a fair way to move or phase in all-electric home bills to accommodate these changes without causing rate shock and without burdening other customers?

The local hearings will be held as follows:

- Monday, October 25, 2010, at 6:00 p.m., at the Sandusky Community Church of the Nazarene, 1617 Milan Road, Sandusky, Ohio 44870.
- Tuesday, October 26, 2010, at 6:00 p.m., at the Maumee Municipal Building, 400 Conant Street, Maumee, Ohio 43537.
- Wednesday, October 27, 2010, at 6:00 p.m., at the Strongsville High School, 20025 Lunn Road, Strongsville, Ohio 44149.
- Thursday, November 18, 2010, at 6:00 p.m., at the Springfield City Hall, City Forum – 1st Floor, 76 East High Street, Springfield, Ohio 45502.
- Monday, November 22, 2010, at 6:00 p.m., at the North Ridgeville Education Center Community Room, 5490 Mills Creek Lane, North Ridgeville, Ohio 44039.
- Tuesday, November 23, 2010, at 6:00 p.m., at Lakeland Community College, 7700 Clocktower Drive, Kirtland, Ohio 44094-5198.

The evidentiary hearing in this proceeding will commence on Monday, November 29, 2010, at 10:00 a.m., at the offices of the Commission, Hearing Room 11-A, 180 East Broad Street, Columbus, Ohio 43215.

Further information or a copy of the staff report may be obtained by contacting the Public Utilities Commission of Ohio, 180 East Broad Street, Columbus, Ohio 43215-3793; by calling the PUCO hotline at 1-800-686-7826; or by going to the PUCO website at www.puco.ohio.gov, selecting DIS, and inserting the case number referenced above.

LEGAL NOTICE

The Public Utilities Commission of Ohio has scheduled local hearings and an evidentiary hearing in Case No. 10-176-EL-ATA, In the Matter of the Application of Ohio Edison Company, The Cleveland Electric Illuminating Company, and The Toledo Edison Company for Approval of a New Rider and Revision of an Existing Rider. In this proceeding, the Commission will consider the companies' application to provide rate relief for certain all-electric residential customers. On September 24, 2010, the staff of the Public Utilities Commission of Ohio issued a report of its investigation into the application filed by the companies. In the staff report, staff provided a range of options regarding potential rates to be charged to all-electric residential customers.

The local hearings are scheduled for the purpose of providing an opportunity for interested members of the public to testify in this proceeding regarding potential rates to be charged to customers in all-electric homes. Major issues in this case include:

Commitments: If you are in an all-electric home, what contracts or written documentation do you have regarding your electric rates now and in the future? Was there a commitment that the rate would remain with the home for future owners?

Electric vs. Natural Gas: If you are in an all-electric home, do you think the Commission should take into account, in setting rates, any difference in cost between heating a home with natural gas or with electricity?

Rate Shock: All-electric homes have had discounted rates for many years. However, future events and policy changes, such as federal environment regulations and wholesale market changes, could make it necessary to alter the discount that may be approved in this case. What is a fair way to move or phase in all-electric home bills to accommodate these changes without causing rate shock and without burdening other customers?

The local hearings will be held as follows:

- Monday, October 25, 2010, at 6:00 p.m., at the Sandusky Community Center of the Nazarene, 1617 Milan Road, Sandusky, Ohio 44870.
- Tuesday, October 26, 2010, at 6:00 p.m., at the Maumee Municipal Building, 400 Conant Street, Maumee, Ohio 43537.
- Wednesday, October 27, 2010, at 6:00 p.m., at the Strongsville High School, 20025 Lunn Road, Strongsville, Ohio 44149.
- Thursday, November 18, 2010, at 6:00 p.m., at the Springfield City Hall, City Forum - 1st Floor, 76 East High Street, Springfield, Ohio 45502.
- Monday, November 22, 2010, at 6:00 p.m., at the North Ridgeville Education Center Community Room, 5490 Mills Creek Lane, North Ridgeville, Ohio 44039.
- Tuesday, November 23, 2010, at 6:00 p.m., at Lakeland Community College, 7700 Clocktower Drive, Kirtland, Ohio 44094-5198.

The evidentiary hearing in this proceeding will commence on Monday, November 29, 2010, at 10:00 a.m., at the offices of the Commission, Hearing Room 11-A, 180 East Broad Street, Columbus, Ohio 43215.

Further information or a copy of the staff report may be obtained by contacting the Public Utilities Commission of Ohio, 180 East Broad Street, Columbus, Ohio 43215-3793; by calling the PUCO hotline at 1-800-686-7826; or by going to the PUCO website at www.puco.ohio.gov, selecting DIS, and inserting the case number referenced above.

Commission Expires 1-25-2012

LEGAL NOTICE

The Public Utilities Commission of Ohio has scheduled local hearings and an evidentiary hearing in Case No. 10-176-EL-ATA, In the Matter of the Application of Ohio Edison Company, The Cleveland Electric Illuminating Company, and The Toledo Edison Company for Approval of a New Rider and Revision of an Existing Rider. In this proceeding, the Commission will consider the companies' application to provide rate relief for certain all-electric residential customers. On September 24, 2010, the staff of the Public Utilities Commission of Ohio issued a report of its investigation into the application filed by the companies. In the staff report, staff provided a range of options regarding potential rates to be charged to all-electric residential customers.

The local hearings are scheduled for the purpose of providing an opportunity for interested members of the public to testify in this proceeding regarding potential rates to be charged to customers in all-electric homes. Major issues in this case include:

Commitments: If you are in an all-electric home, what contracts or written documentation do you have regarding your electric rates now and in the future? Was there a commitment that the rate would remain with the home for future owners?

Electric vs. Natural Gas: If you are in an all-electric home, do you think the Commission should take into account, in setting rates, any difference in cost between heating a home with natural gas or with electricity?

Rate Shock: All-electric homes have had discounted rates for many years. However, future events and policy changes, such as federal environment regulations and wholesale market changes, could make it necessary to alter the discount that may be approved in this case. What is a fair way to move or phase in all-electric home bills to accommodate these changes without causing rate shock and without burdening other customers?

The local hearings will be held as follows:

- Monday, October 25, 2010, at 6:00 p.m., at the Sandusky Community Church of the Nazarene, 1617 Milan Road, Sandusky, Ohio 44870.
- Tuesday, October 26, 2010, at 6:00 p.m., at the Maumee Municipal Building, 400 Conant Street, Maumee, Ohio 43537.
- Wednesday, October 27, 2010, at 6:00 p.m., at the Strongsville High School, 20025 Lunn Road, Strongsville, Ohio 44149.
- Thursday, November 18, 2010, at 6:00 p.m., at the Springfield City Hall, City Forum – 1st Floor, 76 East High Street, Springfield, Ohio 45502.
- Monday, November 22, 2010, at 6:00 p.m., at the North Ridgeville Education Center Community Room, 5490 Mills Creek Lane, North Ridgeville, Ohio 44039.
- Tuesday, November 23, 2010, at 6:00 p.m., at Lakeland Community College, 7700 Clocktower Drive, Kirtland, Ohio 44094-5198.

The evidentiary hearing in this proceeding will commence on Monday, November 29, 2010, at 10:00 a.m., at the offices of the Commission, Hearing Room 11-A, 180 East Broad Street, Columbus, Ohio 43215.

Further information or a copy of the staff report may be obtained by contacting the Public Utilities Commission of Ohio, 180 East Broad Street, Columbus, Ohio 43215-3793; by calling the PUCO hotline at 1-800-686-7826; or by going to the PUCO website at www.puco.ohio.gov, selecting DIS, and inserting the case number referenced above.

LEGAL NOTICE

The Public Utilities Commission of Ohio has scheduled local hearings and an evidentiary hearing in Case No. 10-176-EL-ATA, in the Matter of the Application of Ohio Edison Company, The Cleveland Electric Illuminating Company, and The Toledo Edison Company for Approval of a New Rider and Revision of an Existing Rider. In this proceeding, the Commission will consider the companies' application to provide rate relief for certain all-electric residential customers. On September 24, 2010, the staff of the Public Utilities Commission of Ohio issued a report of its investigation into the application filed by the companies. In the staff report, staff provided a range of options regarding potential rates to be charged to all-electric residential customers.

The local hearings are scheduled for the purpose of providing an opportunity for interested members of the public to testify in this proceeding regarding potential rates to be charged to customers in all-electric homes. Major issues in this case include:

Commitments: If you are in an all-electric home, what contracts or written documentation do you have regarding your electric rates now and in the future? Was there a commitment that the rate would remain with the home for future owners?

Electric vs. Natural Gas: If you are in an all-electric home, do you think the Commission should take into account, in setting rates, any difference in cost between heating a home with natural gas or with electricity?

Rate Shock: All-electric homes have had discounted rates for many years. However, future events and policy changes, such as federal environment regulations and wholesale market changes, could make it necessary to alter the discount that may be approved in this case. What is a fair way to move or phase in all-electric home bills to accommodate these changes without causing rate shock and without burdening other customers?

The local hearings will be held as follows:

- Monday, October 25, 2010, at 6:00 p.m., at the Sandusky Community Church of the Nazarene, 1617 Milan Road, Sandusky, Ohio 44870.
- Tuesday, October 26, 2010, at 6:00 p.m., at the Maumee Municipal Building, 400 Conant Street, Maumee, Ohio 43537.
- Wednesday, October 27, 2010, at 6:00 p.m., at the Strongsville High School, 20025 Lunn Road, Strongsville, Ohio 44149.
- Thursday, November 18, 2010, at 6:00 p.m., at the Springfield City Hall, City Forum – 1st Floor, 76 East High Street, Springfield, Ohio 45502.
- Monday, November 22, 2010, at 6:00 p.m., at the North Ridgeville Education Center Community Room, 5490 Mills Creek Lane, North Ridgeville, Ohio 44039.
- Tuesday, November 23, 2010, at 6:00 p.m., at Lakeland Community College, 7700 Clocktower Drive, Kirtland, Ohio 44094-5198.

The evidentiary hearing in this proceeding will commence on Monday, November 29, 2010, at 10:00 a.m., at the offices of the Commission, Hearing Room 11-A, 180 East Broad Street, Columbus, Ohio 43215.

Further information or a copy of the staff report may be obtained by contacting the Public Utilities Commission of Ohio, 180 East Broad Street, Columbus, Ohio 43215-3793; by calling the PUCO hotline at 1-800-686-7826; or by going to the PUCO website at www.puco.ohio.gov, selecting DIS, and inserting the case number referenced above.

LEGAL NOTICE

The Public Utilities Commission of Ohio has scheduled local hearings and an evidentiary hearing in Case No. 10-176-EL-ATA, In the Matter of the Application of Ohio Edison Company, The Cleveland Electric Illuminating Company, and The Toledo Edison Company for Approval of a New Rider and Revision of an Existing Rider. In this proceeding, the Commission will consider the companies' application to provide rate relief for certain all-electric residential customers. On September 24, 2010, the staff of the Public Utilities Commission of Ohio issued a report of its investigation into the application filed by the companies. In the staff report, staff provided a range of options regarding potential rates to be charged to all-electric residential customers.

The local hearings are scheduled for the purpose of providing an opportunity for interested members of the public to testify in this proceeding regarding potential rates to be charged to customers in all-electric homes. Major issues in this case include:

Commitments: If you are in an all-electric home, what contracts or written documentation do you have regarding your electric rates now and in the future? Was there a commitment that the rate would remain with the home for future owners?

Electric vs. Natural Gas: If you are in an all-electric home, do you think the Commission should take into account, in setting rates, any difference in cost between heating a home with natural gas or with electricity?

Rate Shock: All-electric homes have had discounted rates for many years. However, future events and policy changes, such as federal environment regulations and wholesale market changes, could make it necessary to alter the discount that may be approved in this case. What is a fair way to move or phase in all-electric home bills to accommodate these changes without causing rate shock and without burdening other customers?

The local hearings will be held as follows:

- Monday, October 25, 2010, at 6:00 p.m., at the Sandusky Community Church of the Nazarene, 1617 Milan Road, Sandusky, Ohio 44870.
- Tuesday, October 26, 2010, at 6:00 p.m., at the Maumee Municipal Building, 400 Conant Street, Maumee, Ohio 43537.
- Wednesday, October 27, 2010, at 6:00 p.m., at the Strongsville High School, 20025 Lunn Road, Strongsville, Ohio 44149.
- Thursday, November 18, 2010, at 6:00 p.m., at the Springfield City Hall, City Forum - 1st Floor, 76 East High Street, Springfield, Ohio 45502.
- Monday, November 22, 2010, at 6:00 p.m., at the North Ridgeville Education Center Community Room, 5490 Mills Creek Lane, North Ridgeville, Ohio 44039.
- Tuesday, November 23, 2010, at 6:00 p.m., at Lakeland Community College, 7700 Clocktower Drive, Kirtland, Ohio 44094-5198.

The evidentiary hearing in this proceeding will commence on Monday, November 29, 2010, at 10:00 a.m., at the offices of the Commission, Hearing Room 11-A, 180 East Broad Street, Columbus, Ohio 43215.

Further information or a copy of the staff report may be obtained by contacting the Public Utilities Commission of Ohio, 180 East Broad Street, Columbus, Ohio 43215-3793; by calling the PUCO hotline at 1-800-686-7826; or, by going to the PUCO website at www.puco.ohio.gov, selecting DIS, and inserting the case number referenced above.

LEGAL NOTICE

The Public Utilities Commission of Ohio has scheduled local hearings and an evidentiary hearing in Case No. 10-176-EL-ATA, in the Matter of the Application of Ohio Edison Company, The Cleveland Electric Illuminating Company, and The Toledo Edison Company for Approval of a New Rider and Revision of an Existing Rider. In this proceeding, the Commission will consider the companies' application to provide rate relief for certain all-electric residential customers. On September 24, 2010, the staff of the Public Utilities Commission of Ohio issued a report of its investigation into the application filed by the companies. In the staff report, staff provided a range of options regarding potential rates to be charged to all-electric residential customers.

The local hearings are scheduled for the purpose of providing an opportunity for interested members of the public to testify in this proceeding regarding potential rates to be charged to customers in all-electric homes. Major issues in this case include:

Commitments: If you are in an all-electric home, what contracts or written documentation do you have regarding your electric rates now and in the future? Was there a commitment that the rate would remain with the home for future owners?

Electric vs. Natural Gas: If you are in an all-electric home, do you think the Commission should take into account, in setting rates, any difference in cost between heating a home with natural gas or with electricity?

Rate Shock: All-electric homes have had discounted rates for many years. However, future events and policy changes, such as federal environment regulations and wholesale market changes, could make it necessary to alter the discount that may be approved in this case. What is a fair way to move or phase in all-electric home bills to accommodate these changes without causing rate shock and without burdening other customers?

The local hearings will be held as follows:

- Monday, October 25, 2010, at 6:00 p.m., at the Sandusky Community Church of the Nazarene, 1617 Milan Road, Sandusky, Ohio 44870.
- Tuesday, October 26, 2010, at 6:00 p.m., at the Maumee Municipal Building, 400 Conant Street, Maumee, Ohio 43537.
- Wednesday, October 27, 2010, at 6:00 p.m., at the Strongsville High School, 20025 Lunn Road, Strongsville, Ohio 44149.
- Thursday, November 18, 2010, at 6:00 p.m., at the Springfield City Hall, City Forum – 1st Floor, 76 East High Street, Springfield, Ohio 45502.
- Monday, November 22, 2010, at 6:00 p.m., at the North Ridgeville Education Center Community Room, 5490 Mills Creek Lane, North Ridgeville, Ohio 44039.
- Tuesday, November 23, 2010, at 6:00 p.m., at Lakeland Community College, 7700 Clocktower Drive, Kirtland, Ohio 44094-5198.

The evidentiary hearing in this proceeding will commence on Monday, November 29, 2010, at 10:00 a.m., at the offices of the Commission, Hearing Room 11-A, 180 East Broad Street, Columbus, Ohio 43215.

Further information or a copy of the staff report may be obtained by contacting the Public Utilities Commission of Ohio, 180 East Broad Street, Columbus, Ohio 43215-3793; by calling the PUCO hotline at 1-800-686-7826; or by going to the PUCO website at www.puco.ohio.gov, selecting DIS, and inserting the case number referenced above.

LEGAL NOTICE

The Public Utilities Commission of Ohio has scheduled local hearings and an evidentiary hearing in Case No. 10-176-EL-ATA, In the Matter of the Application of Ohio Edison Company, The Cleveland Electric Illuminating Company, and The Toledo Edison Company for Approval of a New Rider and Revision of an Existing Rider. In this proceeding, the Commission will consider the companies' application to provide rate relief for certain all-electric residential customers. On September 24, 2010, the staff of the Public Utilities Commission of Ohio issued a report of its investigation into the application filed by the companies. In the staff report, staff provided a range of options regarding potential rates to be charged to all-electric residential customers.

The local hearings are scheduled for the purpose of providing an opportunity for interested members of the public to testify in this proceeding regarding potential rates to be charged to customers in all-electric homes. Major issues in this case include:

Commitments: If you are in an all-electric home, what contracts or written documentation do you have regarding your electric rates now and in the future? Was there a commitment that the rate would remain with the home for future owners?

Electric vs. Natural Gas: If you are in an all-electric home, do you think the Commission should take into account, in setting rates, any difference in cost between heating a home with natural gas or with electricity?

Rate Shock: All-electric homes have had discounted rates for many years. However, future events and policy changes, such as federal environment regulations and wholesale market changes, could make it necessary to alter the discount that may be approved in this case. What is a fair way to move or phase in all-electric home bills to accommodate these changes without causing rate shock and without burdening other customers?

The local hearings will be held as follows:

- Monday, October 25, 2010, at 6:00 p.m., at the Sandusky Community Church of the Nazarene, 1617 Milan Road, Sandusky, Ohio 44870.
- Tuesday, October 26, 2010, at 6:00 p.m., at the Maumee Municipal Building, 400 Conant Street, Maumee, Ohio 43537.
- Wednesday, October 27, 2010, at 6:00 p.m., at the Strongsville High School, 20025 Lunn Road, Strongsville, Ohio 44149.
- Thursday, November 18, 2010, at 6:00 p.m., at the Springfield City Hall, City Forum – 1st Floor, 76 East High Street, Springfield, Ohio 45502.
- Monday, November 22, 2010, at 6:00 p.m., at the North Ridgeville Education Center Community Room, 5490 Mills Creek Lane, North Ridgeville, Ohio 44039.
- Tuesday, November 23, 2010, at 6:00 p.m., at Lakeland Community College, 7700 Clocktower Drive, Kirtland, Ohio 44094-5198.

The evidentiary hearing in this proceeding will commence on Monday, November 29, 2010, at 10:00 a.m., at the offices of the Commission, Hearing Room 11-A, 180 East Broad Street, Columbus, Ohio 43215.

Further information or a copy of the staff report may be obtained by contacting the Public Utilities Commission of Ohio, 180 East Broad Street, Columbus, Ohio 43215-3793; by calling the PUCO hotline at 1-800-686-7826; or by going to the PUCO website at www.puco.ohio.gov, selecting DIS, and inserting the case number referenced above.

STATE OF OHIO
MY COMMISSION EXPIRES
MAY 23, 2013

LEGAL NOTICE

The Public Utilities Commission of Ohio has scheduled local hearings and an evidentiary hearing in Case No. 10-176-EL-ATA, In the Matter of the Application of Ohio Edison Company, The Cleveland Electric Illuminating Company, and The Toledo Edison Company for Approval of a New Rider and Revision of an Existing Rider. In this proceeding, the Commission will consider the companies' application to provide rate relief for certain all-electric residential customers. On September 24, 2010, the staff of the Public Utilities Commission of Ohio issued a report of its investigation into the application filed by the companies. In the staff report, staff provided a range of options regarding potential rates to be charged to all-electric residential customers.

The local hearings are scheduled for the purpose of providing an opportunity for interested members of the public to testify in this proceeding regarding potential rates to be charged to customers in all-electric homes. Major issues in this case include:

Commitments: If you are in an all-electric home, what contracts or written documentation do you have regarding your electric rates now and in the future? Was there a commitment that the rate would remain with the home for future owners?

Electric vs. Natural Gas: If you are in an all-electric home, do you think the Commission should take into account, in setting rates, any difference in cost between heating a home with natural gas or with electricity?

Rate Shock: All-electric homes have had discounted rates for many years. However, future events and policy changes, such as federal environment regulations and wholesale market changes, could make it necessary to alter the discount that may be approved in this case. What is a fair way to move or phase in all-electric home bills to accommodate these changes without causing rate shock and without burdening other customers?

The local hearings will be held as follows:

- Monday, October 25, 2010, at 6:00 p.m., at the Sandusky Community Church of the Nazarene, 1617 Milan Road, Sandusky, Ohio 44870.
- Tuesday, October 26, 2010, at 6:00 p.m., at the Maumee Municipal Building, 400 Conant Street, Maumee, Ohio 43537.
- Wednesday, October 27, 2010, at 6:00 p.m., at the Strongsville High School, 20025 Lunn Road, Strongsville, Ohio 44149.
- Thursday, November 18, 2010, at 6:00 p.m., at the Springfield City Hall, City Forum – 1st Floor, 76 East High Street, Springfield, Ohio 45502.
- Monday, November 22, 2010, at 6:00 p.m., at the North Ridgeville Education Center Community Room, 5490 Mills Creek Lane, North Ridgeville, Ohio 44039.
- Tuesday, November 23, 2010, at 6:00 p.m., at Lakeland Community College, 7700 Clocktower Drive, Kirtland, Ohio 44094-5198.

The evidentiary hearing in this proceeding will commence on Monday, November 29, 2010, at 10:00 a.m., at the offices of the Commission, Hearing Room 11-A, 180 East Broad Street, Columbus, Ohio 43215.

Further information or a copy of the staff report may be obtained by contacting the Public Utilities Commission of Ohio, 180 East Broad Street, Columbus, Ohio 43215-3793; by calling the PUCO hotline at 1-800-686-7826; or by going to the PUCO website at www.puco.ohio.gov, selecting DIS, and inserting the case number referenced above.

LEGAL NOTICE

The Public Utilities Commission of Ohio has received applications for approval of the Application of Ohio Edison Company, The Edison Electric Illuminating Company, and The Edison Electric Company for Approval of a New Rider and Revision of an Existing Rider. In the processing, the Commission will consider the companies' application to provide rate relief for certain all-electric residential customers. On September 24, 2010, the staff of the Public Utilities Commission of Ohio issued a report of its investigation into the application filed by the companies. In the staff report, staff provided a range of options regarding potential rates to be charged to all-electric residential customers.

The local hearings are scheduled for the purpose of providing an opportunity for interested members of the public to testify in this proceeding regarding potential rates to be charged to customers in all-electric homes. Major issues in this case include:

Commitments: If you are in an all-electric home, what contracts or written documentation do you have regarding your electric rates now and in the future? Was there a commitment that the rate would remain the same for future owners?

Electric vs. Natural Gas: If you are in an all-electric home, do you think the Commission should take into account, in setting rates, any difference in cost between heating a home with natural gas or with electricity?

Rate Shock: All-electric homes have had discounted rates for many years. However, future events and policy changes, such as federal environment regulations and wholesale market changes, could make it necessary to alter the discount that may be approved in this case. What is a fair way to move or phase in all-electric homes to accommodate these changes without causing rate shock and without burdening other customers?

The local hearings will be held as follows:

- Monday, October 25, 2010, at 6:00 p.m., at the Sandusky Community Church of the Nazarene, 1617 Milan Road, Sandusky, Ohio 44870.
- Tuesday, October 26, 2010, at 6:00 p.m., at the Maumee Municipal Building, 400 Conant Street, Maumee, Ohio 43537.
- Wednesday, October 27, 2010, at 6:00 p.m., at the Strongsville High School, 20025 Lunn Road, Strongsville, Ohio 44149.
- Thursday, November 18, 2010, at 6:00 p.m., at the Springfield City Hall, City Forum - 1st Floor, 76 East High Street, Springfield, Ohio 45502.
- Monday, November 22, 2010, at 6:00 p.m., at the North Ridgeville Education Center Community Room, 5490 Mills Creek Lane, North Ridgeville, Ohio 44039.
- Tuesday, November 23, 2010, at 6:00 p.m., at Lakeland Community College, 7700 Clocktower Drive, Kirtland, Ohio 44131.

The evidentiary hearing in this proceeding will be held on Monday, November 29, 2010, at 10:00 a.m., at the offices of the Public Utilities Commission, Hearing Room 11-A, 180 East Broad Street, Columbus, Ohio 43215.

Further information or a copy of the staff report may be obtained by contacting the Public Utilities Commission of Ohio, 180 East Broad Street, Columbus, Ohio 43215-3793; by calling the PUCO hotline at 1-800-686-7826; or by going to the PUCO website at www.puc.ohio.gov and inserting the case number referenced above.
