**MEMORANDUM IN SUPPORT OF
THE MOTION TO INTERVENE OF
CONSTELLATION NEWENERGY, INC. AND
CONSTELLATION ENERGY COMMODITIES GROUP, INC.**

Section 4903.221, Revised Code and Rule 4901-1-11 of the Ohio Administrative Code, establish the standard for intervention in the above-styled proceeding as a full party of record.

Rule 4901-1-11 of the Ohio Administrative Code states in part:

Upon timely motion, any person shall be permitted to intervene in a proceeding upon a showing that:

* * *

(2) The person has a real and substantial interest in the proceeding, and the person is so situated that the disposition of the proceeding may, as a practical matter, impair or impede his or her ability to protect that interest, unless the person's interest is adequately represented by existing parties.

In addition to establishment of a direct interest, the factors that the Public Utilities Commission of Ohio (the "Commission") considers in implementing the above rule are the nature of the intervenor's interest, the extent that interest is represented by existing parties, the intervenor's potential contribution to a just and expeditious resolution of the issues involved, and whether intervention would result in an undue delay of the proceeding. (See also R.C. 4903.221(B) upon which the above rule is authorized). A review of these factors in light of following facts supports granting Constellation's intervention.

Constellation NewEnergy, Inc. ("CNE") provides electricity and energy-related services to retail customers in Ohio as well as in 15 other states, the District of Columbia and two Canadian provinces and serves over 15,000 megawatts of load and over 10,000 customers. CNE holds a certificate as a competitive retail electric supplier ("CRES") from the Commission to engage in the competitive sale of electric service to retail customers in Ohio. CNE currently provides service to retail electric customers in Ohio.

Constellation Energy Commodities Group, Inc. ("CCG") provides wholesale power and risk management services to wholesale customers (distribution utilities, co-ops, municipalities, power marketers, utilities and other large load serving entities), throughout the United States and Canada, in both regulated and restructured energy markets. CCG is active in the PJM Interconnection, L.L.C. and Midwest Independent System Operator ("MISO") wholesale power markets and has sold power for wholesale delivery in Ohio. CNE and CCG are subsidiaries of Constellation Energy Group, Inc.

In its first application filed in Case Nos. 08-917-EL-SSO and 08-918-EL-SSO pursuant to S.B. 221, Columbus Southern Power Company and Ohio Power Company ("AEP Ohio") sought — and received — approval from the Public Utilities Commission of Ohio ("the Commission") to implement an electric security plan ("ESP") as modified by the Commission. The term of that ESP was three years and AEP Ohio now seeks approval of its next standard service offer (SSO).

Constellation has existing and potential business interests in the State that will be affected by the outcome of the proceeding. The Commission's decision in the matter will affect the viability of the competitive retail and wholesale electric markets in Ohio in which CCG and CNE provides electric power and other products and services to retail and wholesale customers. CNE and CCG have been active parties before the Commission in numerous previous proceedings regarding the proposal of a market rate offer ("MRO") and ESPs. Constellation participated in the first AEP Ohio ESP Case, Case No. 08-917-EL-SSO. CNE and CCG's extensive experience in matters regarding the development of a competitive bidding process and competitive retail markets will assist the Commission in the development of a more complete record in this matter.

This motion for intervention precedes the March 14, 2011 deadline established by the

attorney examiner. The motion is also being filed more than five days before the hearing deadline established in Rule 4901-1-29. Thus, the intervention is timely and should not unduly delay the instant proceedings. Finally, because of its unique expertise and participation in the competitive retail and wholesale markets in Ohio and across the country, Constellation will be able to assist in the development of a full and complete record to assist the Commission in its consideration of the Application.

WHEREFORE, Constellation respectfully requests that the Commission grant this joint motion for leave to intervene and that CNE and CCG each be made a full party of record. For purposes of receiving service in the proceeding, in addition to the undersigned, Constellation requests that the following persons be placed on the official service list:
