- 1) Accept payment in lieu of termination;
- 2) Be able to dispatch an employee to the premises to accept payment; or
- 3) Be otherwise able to make available to the customer a means to avoid disconnection.

- b) Within 21 days, install a setting for a single meter, in a location approved by the Company, to service the property and request service be placed in his name;
- c) Pay the outstanding bill on account of the offending customer(s) and put the account in his name going forward;
- d) Provide access to Company personnel to the offending customer(s) meter or separate shut-off during normal business hours in order to assure service to the offending customer(s) can be disconnected.

In the event the property owner selects one of the above options and that option fails to work, the property owner may select one of the three remaining options in lieu of disconnection of service to the building.

The property owner shall notify the Company, within 7 days of receiving the above notification, of which option he is choosing. In the event the property owner does not comply with the above, at least 10 days notification will be given to both the property owner and tenants prior to discontinuing service to the property.

13. If a customer whose service has been disconnected for non-payment of bills or for violation of or failure to comply with regulations of the Company desires a reconnection, such reconnection may only be made after the customer:
