T.E.S. ENERGY SERVICES, L.P.

We would like to make the following comments regarding 2011.

1. Today's date is 3/17/11. When we submit our completed application for our broker's license, we have been told it takes some 90 days for the process. That puts the date around 7/1/2011.
2. Once we receive our license to transact, we will be addressing our national accounts: Sally's Beauty Supply, ClubCorp USA, ProLogis to execute energy contracts. That is approximately a 60-day process at best.
3. Once our customer is in contract it's estimated our commission payments take another 60 to 90 days to receive.
4. In conclusion, we will incur expenses with little or no income in 2011. We will be in a start up mode.

Sincerely,

Brian Markham,
President
