Docketing Case No.:09-1947-EL-POR

Notes:

Customer called to give his opinion on the light bulb case. He is against it, because they use consumer monies to hire lobbyist to help change laws. He feels the monies should come out of the stock dividends instead, because why would a customer help pay for something that is not in their best interest. He is not too happy that the bulbs come from China and IF the bulbs break, they are NOT to inhale the fumes.

Please docket the attached in the case number above.
