COMPLAINT DESCRIPTION:

To the PUCO: I find it hard to believe that we the consumers are being charged for light bulbs by First Energy, and forced to pay for something that I personally do not want or need, and that I buy from Home Depot or Walmart for half the price. Instead of figuring out how First Energy can improve on how they behave as a company to comply with the reduction in energy use laws, you allow First Energy to come up with a hair-brain idea that if they can force people to take energy efficient light bulbs, that the'll use them. The problem is you are allowing them to FORCE us to pay for these whether we want them or not, whether we even take them or not. Shame on you for allowing this to happen to the people you are supposed to be protecting from this type of corporate behavior. Onced again the PUCO has let the consumers of the state of Ohio down, and let the corporate bandits pass their failure to manage their business onto the backs of the consumers, who have no choice in who provides their electricity. Shame on you PUCO!! Shame on you...
