Docketing Case No.:09-1947-el-por

Notes:

Again with the CFL's that we get charged for even if we can't use them. EVERY bulb in my condo is a CFL, yet I'm forced to pay for bulbs that I won't and can't use. I am also charged more for the bulbs that I can't use than I would be if I bought them at the store. This is ridiculous. I would be very happy to have anyone from the electric company come out and check to make sure I am using the bulbs. I have all new appliances, I have a programmable thermostat and do everything I can to lower my bill. I have to have a reptile that requires a lot of electricity for her cage, which is why I do everything else I can. I know we are being FORCED to do this, but I can't let it happen without letting you know how absolutely pissed off I am.

Please docket the attached in the case number above.
