Re: Case # 10-0176-EL-ATA

Dear Todd A. Snitcher and members of the Public Utilities Commission:

I am writing to you today urging that the all-electric discount be reinstated. I stand behind the countless number of constituents that have expressed their concerns with the elimination of the discount.

I am deeply concerned that many customers will be unable to afford their electric bills if the PUCO rules in favor of increasing rates. Many of these homeowners built an all-electric home with the premise that they would be receiving such discount.

I ask that there be a fair solution reached among all interested parties so that these homeowners do not suffer for complying with their side of the agreement.

Sincerely,
