Docketing Case No.: 10-0176-EL-ATA

Notes:

in regards to the all electric homeowners with their objections to First Energy's doubling our rates. Please don't be fooled with what their lawyers say about it not has hurt the value and sale of all our all electric homes because a lot of damage has been done in the past and if they get the rates they r proposing our home will take another beating. If u think what I'm saying is false just come up to N. Ohio and randomley goto a real estate office and say u want to buy a home in my development (Meadowood) and see what they say. In closing don't let the now 2nd largest utility company that grossed over 760 million dollars and had to hire the best law firm to twist words, documents etc. to get what they want more moneý for their bottom line.

Please docket the attached in the case number above.
