Portsmouth, OH 45662

Docketing Case No: 11-346-EL-SSO

Notes: I Just read an article that AEPOhio is requesting a pricing change for CSP and Ohio Power customers to bring the rates together. A proposed bill increase for OP customers of \$4.38 per 1000 kwh and a decrease of \$1.59 for CSP is on the table. We , Ohio Power customers , have just gone through a 22-23 % increase in our bills thanks to a PUCO ruling in 2009 granting the above mentioned percentages over a three year period. I don't see how you can even consider allowing another \$4.38 per 1000 kwh to be passed on to us after the 2009-11 rate changes. If a change is to be made let the CSP rate drop over a 5 yr period to bring the rates together. We are in some tough times and don't need additional hardships placed on us now. I don't think the guy on top will feel any pain with his multi million dollar salary.

Please docket the attached in the case number above.
