5.1.4 DIRECT TRUNK OVERFLOW (DTO)

(N)

The Direct Trunk Overflow feature gives the Customer another termination option if all of their DID trunks are busy. This all-trunks-busy condition may be caused either by legitimate heavy incoming traffic or by a trouble condition where the T-1 system is down and the 5ESS senses that trouble as an all-trunks-busy condition. During either busy condition, the incoming call attempts to terminate to the DID group. When the 5ESS sees all trunks busy, it will choose an alternate route for the call to a telephone number that is programmed in the 5ESS only. This telephone number has the Call Forward Remote feature assigned to it and forwards the call to a number chosen by the Customer. Rates for DTO can be found in Section 5.1.3 above.

5.4 SERVICE AND PROMOTIONAL TRIALS (Cont'd)

5.4.2 Regulations (Cont'd)

- D. Customers can subscribe to any service listed as part of a Promotional Trial and not be billed the normal Connection Charge. The offering of this trial period option is limited in that a service may be tried only once per customer, per premises.
- E. The Company retains the right to limit the size and scope of a Promotional Trial.

5.5 BUSY LINE VERIFICATION AND INTERRUPT SERVICE

5.5.1 General

Upon request of a calling party, the Company will verify a busy condition on a called line. An operator will determine if the line is clear or in use and report to the calling party. In addition, the operator will intercept an existing call on the called line if the calling party indicates an emergency and requests interruption.

5.5.2 Rate Application

- A. A Verification Charge will apply when:
 - 1. The operator verifies that the line is busy with a call in progress,
or
 - 2. The operator verifies that the line is available for incoming calls.

5.5 BUSY LINE VERIFICATION AND INTERRUPT SERVICE (Cont'd)

5.5.2 Rate Application (Cont'd)

- B. Both a Verification Charge and an Interrupt Charge will apply when the operator verifies that a called number is busy with a call in progress and the customer requests interruption. The operator will interrupt the call advising the called party of the name of the calling party and the called party will determine whether to accept the interrupt call. Charges will apply whether or not the called party accepts the interruption.
- C. No charge will apply when the calling party advises that the call is from an official public emergency agency.

5.5.3 Busy Line Verification and Interrupt Service Rates

Busy Line Verification and Interrupt Service, which is furnished where and to the extent that facilities permit, provides the Customer with the following options:

- A. Busy Line Verification: Upon request of the calling party, the Company will determine if the line is clear or in use and report to the calling party.
- B. Busy Line Verification with Interrupt: The operator will interrupt the call on the called line only if the calling party indicates an emergency and request interruption.
- C. Rates: Rates for Busy Line Verification and Interrupt Service, as specified below, will apply under the following circumstances:

5.6.2 Regulations (Cont'd)

- B. The customer shall be required to sign a written request for this service. By signing the request the customer shall release the Company from any liability, and the customer agrees to indemnify and hold the Company harmless from any liability it may incur in providing this service. The Company may require the recommendation of an appropriate law enforcement agency prior to providing this service. Any information obtained by the Company in the tracing of a call will be provided only to the law enforcement agency designated. The only exception to this will be emergency situations such as fire, serious illness or other similar situations, in which case the appropriate agency will be notified.
- C. The equipment required to provide this service cannot be operated in all central offices. The service is restricted to locations where facilities permit.
- D. The Company makes no guarantee concerning the tracing and identification of any call when the service is provided. The Company will furnish the service only on the express condition that no liability shall attach to it for any reason arising out of the provision of the service.

5.6.3 Rates

Upon request for this service, the monthly charge to the customer will be increased by any charges incurred by the Company for the provision of this service.

7.2.3 PBX Trunk Service

A. General

PBX trunks are provided for connection of customer-provided PBX terminal equipment. Trunks can be delivered at a DS0 level or at the DS1 level.

DID service allows callers to reach the called party without going through a PBX attendant. DOD service allows end users to dial outside of a PBX system without going through the PBX attendant to get access to an outside line. Digital trunks cannot be two-way trunks, but must be ordered as with either Direct Inward Dialing (DID) or Direct Outward Dialing (DOD).

For DID configured PBX trunks additional charges apply for Direct Inward Dial Station numbers.

All DID subscribers will be subject to the provision set for in Section 14.3.2, 14.3.4 and 14.3.6. (N)
(N)

Each DS0 level Trunk has the following characteristics:

Terminal Interface: 2-wire or 4-wire, as required for the provision of service

Signaling Type: Loop, Ground, E&M I, II, III

Pulse Type: Dual Tone Multi-Frequency (DTMF) or Dial Pulse (DP)

Directionality: In-Coming Only (DID), Out-Going Only (DOD), or Two-Way

B. Measured Rate PBX Trunks

(1) Description

Measured Rate DS0 PBX Trunks provide the customer with a single voice grade telephonic communications channel which can be used to place or receive one call at a time. Local calls on two-way trunks and DOD trunks are billed on a measured rate basis. DID trunks are arranged for one-way inward calling only.

(2) Recurring and Nonrecurring Charges

In addition to the nonrecurring charges listed below, service order charges apply as described in Section 3 of this tariff. Charges for each Measured Rate PBX Trunk include a monthly recurring Base Service Charge and usage charges for completed calls originated from the customer's lines based on the duration of calls during the billing period. Local calling areas are as specified in Section 10. Service to customers may require the use of a link (and, or) number portability arrangements from the incumbent Local Exchange Carrier.

In such circumstances, the monthly recurring charge to the customer will be the greater of the company's Base Service Line charge set forth below or the charge to the Company by the Incumbent Local Exchange Carrier for the link used to serve the customer. If the Customer is served through a Number Portability Arrangement, the charge from the Incumbent Local Exchange Carrier to the Company to recover costs from the Number Portability arrangement will be passed through to the Customer.

8.7 EMERGENCY CONTACT SERVICE

(N)

8.7.1 Description

Emergency Contact Service (ECS) allows the Emergency 911 center to view the exact number or extension of the calling party within the premises of the Customer. This will direct the 911 dispatcher to the exact section and floor of the building from which the call originated. Customers who request ECS will provide the Company with a callback number for each DID number owned by the Customer. This callback number will then be incorporated into the 911 database for use by the Emergency 911 center

8.7.2 Availability

Emergency Contact Service is only available upon request and to those customers that support an ISDN PRI trunk.

8.7.3 Provisions of this service are at the sole discretion of the Customer. The Company assumes no liability for provision of this service except that covered for refunds in the event of service outage. Limitation of Liability applies as specified in Section 8.5 and 8.6 above

8.7.4 The Customer is responsible for providing accurate information relating to the location/locations of end-users. Customers who request this service are required to provide the Company with a callback number for each direct inward dialing (DID) number owned by the Customer and are responsible for association of that number with an office location, suite location or other internal type location peculiar to the Customer's business address. This callback number will then be incorporated into the 911 database for use by the Emergency 911 center. The Customer is solely responsible to the Company for updates if any of the information provided is altered in any way.

Customers not selecting the PAETEC Advantage Local Service option may choose to select Company basic local services in combination with, or independent of, purchase of associate long distance services as contracted or tariffed in Company's MA DTE Tariff No. 1. Customers availing themselves of this option for local service will be assessed a monthly recurring charge set at 5% less than the associated residential or business flat rate of the incumbent local exchange carrier serving the same region in which the Customer is physically located. The Customer may select an option to purchase the service via month to month billing or via a set term from one to three years. Applicable tariffed incumbent local exchange carrier discounts for term services would be the basis by which the 5% Company reduction in rate would be applied.

This rate discount does not apply to optional features and services selected by the customer but are as tariffed herein.

SECTION 13. RULES AND REGULATIONS (Cont'd)**13.14 Minimum Call Completion Rate**

Carrier will ensure an industry standard blocking rate no greater than P.01.

13.15 Promotions

Carrier may from time to time make promotional offerings of its services which may include waiving or reducing the applicable charges for the promoted service. The promotional offerings may be limited as to the duration, the date and times of the offerings and the locations where the offerings are made. The waiver of any charge, other than a non-recurring charge, shall be limited to ninety (90) days on a per-customer basis.

13.16 Individual Case Basis (ICB) Arrangements

Arrangements will be developed on a case-by-case basis in response to a bona fide request from the customer or prospective customer to develop a competitive bid for a service not generally offered under this tariff. ICB rates will be offered to the customer in writing, on a non-discriminatory basis and will be filed with the PUCO for approval.

13.17 Invoice Options

A Commercial Customer's invoice information is presented on either a CD or in electronic format as chosen by the Customer. The CD will be sent by mail and the electronic version is accessible either via the Internet or by e-mail to the Customer. Both of these options are available at no charge to the Customer. Should the Customer choose to receive by mail, a paper invoice in addition to the electronic invoice, the Customer may be responsible for a monthly charge as indicated in the rate section following. This billing service is independent of additional paper invoices, documents or other Company services that provide specific call detail information or other data not normally provided in the invoice as rendered.

Customers not selecting the PAETEC Advantage Local Service option may choose to select Company basic local services in combination with, or independent of, purchase of associate long distance services as contracted or tariffed in Company's MA DTE Tariff No. 1. Customers availing themselves of this option for local service will be assessed a monthly recurring charge set at 5% less than the associated residential or business flat rate of the incumbent local exchange carrier serving the same region in which the Customer is physically located. The Customer may select an option to purchase the service via month to month billing or via a set term from one to three years. Applicable tariffed incumbent local exchange carrier discounts for term services would be the basis by which the 5% Company reduction in rate would be applied.

Beginning on May 16, 2011, the prices, service descriptions, and the terms and conditions for services other than local flat rate service that you are provided by PAETEC will no longer be on file at the Public Utilities Commission of Ohio (PUCO).

This modification does not automatically result in a change in the prices, terms, or conditions of those services to which you currently subscribe. PAETEC must still provide a customer notice at least fifteen days in advance of rate increases, changes in terms and conditions and discontinuance of existing services. Additionally, you will be able to view the company's future service offerings in a price list online at www.paetec.com or you can request a copy of this information by contacting us at the address and phone number listed on your invoice.

Since these services will no longer be on file with the Commission, this means that the agreement reached between the customer and the company will control new services or changes in service. For any new services or changes in service, it will be important that you carefully review and confirm the price, terms and conditions.

If you have any questions about this matter, please call PAETEC at the toll free number listed on your invoice, or visit us at www.paetec.com. You may also visit the consumer information page on the PUCO's website at puco.ohio.gov for further information.
