Docketing Case No.: 10-176-EL-ATA

Notes:

We are FURIOUS over this light bulb program. We have used these type bulbs for years to reduce our consumption. We have recently bought your bulbs at Marc's for \$1.00 a box. HOWEVER, we will NOT pay \$1.50/month to pay for your "loss of

funding this program". I am not going to "punished" because I have an "all electric" house that uses more than 750 kwh/month. We are sick of this socialistic thinking that everyone needs to pay for someone else's loss. We are doing everything we can to reduce our consumption & our costs. We are not going to pay for someone else's benefit. If this \$1.50/month charge is not removed, we will continue to show a past due balance every month for those charges. WE WILL NOT PAY THIS UNFAIR CHARGE.

CASE #11-346-EL-SSO. I would like PUCO, First Energy, my state representatives, lawyers, whoever is involved in the determination of the \$1.50/month for 3 year fee on customers who use more than 750 kwh/month to repeal it. It is unfair to charge "good" customers who are using First Energy's product for actually using it! The fee is just a way of making certain customers fund this project. It is wrong to "punish" customers who have all-electric homes who will naturally consume more energy. This is just legalized theft! Repeal the fee now. Thank you.
