Please describe your complaint. (Attach additional sheets if necessary)

Earlier in this year a smart meter was installed at my address. When my next bill came in the mail, I was in shock. The amount listed was more than my yearly amount. When I asked for the old meter, they said it had been destroyed. They were heavy handed and said the best they could do was give 12 months to pay. I request the names of other smart meter users in the DPL area. I have check stubs for years of usage. I would have paid the difference for JAN. thru MAY's highest amount over the last three years. The MAY reading is on or around the 17th JUNE
