B. Measured Rate

1. Measured Rate Services

The local usage charges are based upon four measured elements, i.e., the total number of outgoing local messages, the distance and the duration of each local message and the time of day each local message is originated, subject to the following:

a. Distance

The charges for local messages vary based on the airline distance (i.e., rate mileage) between the rate centers of the central offices serving the calling and called stations, determined in the same manner as message toll rate distances.

b. Duration

(1) A charge applies for the initial minute, or fraction thereof, and for each additional minute, or fraction thereof.

(2) A local message is considered as starting at the time telephone communication is established between the calling station and the called telephone number.

(3) Chargeable time ends when the calling station "hangs up" thereby releasing the network connection. If the called station "hangs up" but the calling station does not, chargeable time ends when the network connection is released by the automatic timing equipment in the telephone network.

(4) Chargeable time does not include time lost because of faults or defects in the service.

Monthly Recurring Charges

The following charges apply to Standard Business Local Exchange Service lines per month for customers located in the Verizon Calling Areas. Rates and charges include Touchtone Service for each line. The rates and charges below apply to service provided on a month-to-month basis. All business services are measured.

A. Flat Rate Calling Service

Flat Rate Local Calling Service provides the customer with unlimited local calls within their local calling area for one flat monthly rate. A local calling area includes their home location and any EAS (Extended Area Service) locations that are available for their service area. Regional toll calls (outside the local area, but within regional boundaries) will be billed separately per minute.

Individual Line	Monthly Rate
Rate Class 1	26.06
Rate Class 2	26.94
Rate Class 3	27.86
Rate Class 4	29.16
Rate Class 5	30.46
Rate Class 6	35.95

B. Usage Sensitive Charges and Allowances

Each call to a telephone number within the customer's exchange area is charged on a usage basis. Extended area usage rates apply to calls made to certain exchanges outside the customer's exchange area. Usage charges apply on customer-dialed station-to-station calls charged to the calling party. Where operator assistance is utilized, the usage charges apply in addition to the charge for operator assistance on local messages. The additional charge for operator assistance would apply if the calling party wants the call billed to another local telephone number.
