RE: **Construction Notification**
Case No. 11-4388-EL-BNR Hillsboro-Maysville 138kV Line
(Wildcat Station Tap Structures Installation)

Dear Chairman Snitchler:

In accordance with Rules 4906-5-02 and 4906-11-02, Ohio Administrative Code ("OAC"), Ohio Power Company, aka American Electric Power ("AEP"), submits this Construction Notification. The requested start date of construction is early October 2011 and is expected to be completed by early November 2011.

As required by Rule 4906-11-02(C), AEP has submitted a copy of this Construction Notification to the chief executive officer of each municipal corporation and county and the head of each public agency charged with protecting the environment or of planning land use in the area in of the proposed project. Please find attached copies of cover letters that have been submitted to the Highland County Commissioners and the Concord Township Trustees.

Should you have any questions, please do not hesitate to contact me.

Respectfully Submitted,

//s/ Erin C. Miller

Construction Notice

for the

Hillsboro – Maysville 138kV Line
Install 2 Tap Structures for Wildcat Station

Submitted by

American Electric Power
Ohio Power

to

The State of Ohio Power Siting Board

June 2011

Construction Notice

In accordance with Ohio Administrative Code Section 4906-11-02, Construction Notice Requirements, American Electric Power submits the following.

4906-11-02 (B)

(1) Name of Project

The name of this project is the Hillsboro - Maysville 138kV Line, Install 2 Tap Structures for Wildcat Station.

(2) Description of Project

Two direct embedded guyed steel structures will be installed within AEP's existing right of way to route the Hillsboro – Kenton circuit into the new Wildcat Distribution Station. See Map A. This project meets the requirements of a Construction Notice as outlined in Ohio Administrative Code Rule 4906-1-01 Appendix A, Item 1, Part (d) "line(s) one hundred twenty-five kV and above, but less than three hundred kV, and not greater than 0.2 miles in length".

(3) Need of Project

AEP is installing 2 steel tap structures on the Hillsboro - Maysville 138kV line in order to facilitate AEP's new Wildcat Distribution Station. The new Wildcat Distribution Station will provide contingency recovery for AEP's Sardinia Station and will also provide recovery capability for AEP's Seaman Station.

(4) Construction Schedule

Construction of this transmission line project is expected to begin early October 2011 and be completed by early November 2011.

(5) Estimated Cost

The cost of this project is estimated to be \$332,500.

(6) Right of Way Requirements and Structure Details

No additional right-of-way easements or right-of-way clearing will be required for this project. Two direct embedded guyed steel structures will be installed within AEP's existing right of way to route the Hillsboro – Kenton circuit into the new Wildcat Distribution Station. One existing H-frame structure will be removed.

(7) Map

The line is located in Highland County, approximately 60 miles East of Cincinnati, OH. From Cincinnati, OH take US-50 E to OH-125 E/OH-32 E. Follow OH-32 E to US-62 E. Turn right onto Wildcat Road. The project is located near 4927 Wildcat Road, Winchester, Ohio 45697.

(8) Properties

The construction of this project is within the Hillsboro – Maysville 138kV easement width and property owned by American Electric Power. No other additional right-of-way rights are required.

4906-11-02(C) Notification

Copies of this Letter of Construction have been sent to the Highland County Commissioners and the Concord Township Trustees.

**Construction Notice
Hillsboro – Maysville 138kV Line
Install 2 Tap Structures for Wildcat Station**

Dear Trustees:

In accordance with Chapter 4906 of the Ohio Administrative Code, the Ohio Power Company is required to submit a Construction Notice to the State of Ohio Power Siting Board whenever a change is made to our transmission facilities.

American Electric Power is planning to install two tap structures into the new Wildcat Station in Concord Township, Highland County, Ohio.

In compliance with Rule 4906-11-02 of the OPSB Rules and Regulations, we have prepared and filed the attached Construction Notice. This Notice contains details on the line location, project description and construction schedule, and is submitted for your information.

Cordially,
