COMMENT DESCRIPTION:

I just saw on the news that the electricity rates might go up 5-6% and as much as 30% soon. Please do not let AEP raise the rates in Ohio. I have many relatives that are retired and living on a fixed income. They are having a difficult time with many of the necessities getting more and more expensive. In addition, I have not received a raise for more than three years. My daughter and I struggle with our basic bills. This will be very difficult for us to sustain a very basic standard of living. Please, I implore you do not allow AEP to raise rates. We are struggling.
