Dear Sir:

I understand that AEP-Ohio is asking for a rate increase starting on January 1, 2012. I also am hearing they are proposing 27 riders but are not saying just how much these riders will cost their customers. We have one of the highest electric bills in our area which is Meigs County, Ohio. Across the river from Pomeroy, Ohio a customer using 1000 KWH cost \$118.00 and customers in WV using the same KWH, the cost is \$68.00.

Please protect us from large increases.

Thank You,

Clyde and Marlene Kuhn
