COMMENT DESCRIPTION:

I think it is inexcusable for puco to even consider discounts for hiring and investment for ohio companies. The worst part is a charge on other electric customers. What are you thinking? this is wrong from every direction when we just went thru the all electric home fiasco which you ruled in favor of the company. You are killing the consumer. there will be no consumers left in ohio because they will not be able to afford their utility bills. I would like you to pass this letter directly to Beth Trombold at puco. Put your thinking caps on befor it is too late.
