COMMENT DESCRIPTION:

I am retired. I've worked my entire life. I am among the 50% of Americans that pay taxes. Yes, only half of us pay taxes...the other 50% live off our tax payments. Please stop this unbridled power grab to "green energy".

Coal costs \$.04/KWH. That's AT LEAST 50% LESS than any alternative. Furthermore, SE Ohio is loaded with coal...think of all the tax revenue you'll be losing! If plans progress to shut down coal, literally 10,000 miners will lose their jobs and go on govt assistance. Instead of paying taxes, they'll be living off my taxes.

Please stop this madness!!! Thank you.
