

BEFORE

THE PUBLIC UTILITIES COMMISSION OF OHIO

In the Matter of the Application of Ohio Edison )  
Company, The Cleveland Electric Illuminating )  
Company, and The Toledo Edison Company ) Case No. 10-176-EL-ATA  
For Approval of a New Rider and Revision of an )  
Existing Rider. )

FINDING AND ORDER

The Commission finds:

- (1) The Applicants, Ohio Edison Company (OE), The Cleveland Electric Illuminating Company (CEI), and The Toledo Edison Company (TE) (collectively, the Companies) are public utilities as defined in Section 4905.02, Revised Code, and, as such, are subject to the jurisdiction of this Commission.
- (2) On June 1, 2011, the Applicants each filed a proposed Residential Electric Heating Recovery Rider in response to and in compliance with the Commission's Opinion and Order in this proceeding dated May 25, 2011, approving, with modifications, the Companies' applications of February 12, 2010, to provide rate relief to certain all-electric customers.
- (3) The Applicants June 1, 2011, filings each propose a new Residential Electric Heating Recovery Rider (RER). The Riders propose to implement the recovery of the differential between the amounts paid by customers that received or are receiving the Residential Generation Credits (RGC) and the amounts that otherwise would have been paid or will be paid by those customers but for the Commission's orders in this proceeding, including applicable carrying charges. The charge consists of two components. The RER1 charge recovers the purchased power costs deferred from the implementation of Rider RGC on March 17, 2010, through June 1, 2011. The RER2 charge recovers the on-going deferred purchase power costs not otherwise recovered through the RER1 charge.
- (4) The Commission has reviewed the proposed tariffs and finds that they comply with the May 25, 2010, Opinion and Order in this proceeding.

- (5) The tariffs filed June 1, 2010, should be approved. The tariffs should become effective on a bills rendered basis beginning with the September billing cycle.

It is, therefore,

ORDERED, That the proposed tariffs shall be approved and be made effective on a bills rendered basis for the September 2011 billing cycle. It is, further,

ORDERED, That the Applicants are authorized to file in final form four complete copies of tariffs consistent with this Finding and Order. Applicants shall file one copy in its TRF dockets (or make such filing electronically as directed in Case No. 06-900-AU-WVR) and one copy in this case docket. The remaining two copies shall be designated for distribution to the Rates and Tariffs, Energy and Water Division of the Commission's Utilities Department. It is, further,

ORDERED, That the Applicants shall notify all affected customers via a bill message or via a bill insert within 60 days of the effective date of the tariffs. A copy of the customer notice shall immediately be submitted to the Commission's Service Monitoring and Enforcement Department, Reliability and Service Analysis Division. It is, further,

ORDERED, That nothing in this Finding and Order shall be binding upon this Commission in any future proceeding or investigation involving the justness or reasonableness of any rate, charge, rule or regulation. It is, further,

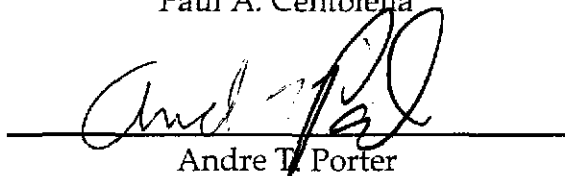

ORDERED, That a copy of this Finding and Order be served upon the Applicants and all parties of record.
