Exhibit B-1 “Jurisdictions of Operation”

As of the date of this filing, Renewable Resource Ventures, LLC, or any affiliate, is not certified, licensed, or registered to provide retail or wholesale electric services, including aggregation services, in any jurisdiction.

Exhibit B-2 "Experience & Plans"

Renewable Resource Ventures, LLC has three managers who collectively have approximately 70 years of experience in the energy, financing, and real estate industries, including extensive experience with energy efficiency and renewable energy resources. With this experience, the company plans to provide energy consulting and aggregation services to consumers in Ohio, including to governmental entities that have governmental aggregation programs.

Specifically, the three managers have the following experiences:

Greg Kuss, President of SolarVision, LLC, has over 30 years of experience in the energy efficiency and solar industry. Mr. Kuss began one of the first product development companies in Ohio focused on renewable energy. Mr. Kuss has long been a passionate advocate for sustainable energy alternatives and an avid believer in their ability to improve our environment and affect positive change for future generations.

He and Mr. Saul began SolarVision, LLC in 2008 when the Advanced Energy Fund was enacted to assist residential and commercial installations of energy efficiency and solar power systems. Currently, they have developed 5 solar power arrays in various locations in Ohio, and will have a 5 MW solar power system installed by 1st quarter 2012. They have an additional 15.5 MW of solar power systems which will be installed by the end of 2012.

Donald Saul, Executive Vice President of SolarVision, LLC, has over 25 years of experience in credit management and product development. Throughout his career, Mr. Saul has shown exceptional talent in the area of generating high quality assets and revenue for financial institutions, leasing companies and several limited partnerships.

Prior to joining SolarVision, LLC Mr. Saul was the general manager of Cap Pro Ltd., a firm specializing in acquisition and resale of land and real estate. He also served as president/founder of AAA leasing for seven years and as assistant vice president for Society (Key) Bank.

Kimberly Bojko, President of Enlightened Energy Advisors, LLC, has over 14 years of experience in all areas of utility regulation. She is the founder of Enlightened Energy Advisors, LLC where she consults energy clients on a variety of regulatory, energy, and utility matters.

Ms. Bojko was previously the director of economic development and regulatory affairs for the Public Utilities Commission of Ohio where she developed economic development initiatives to attract energy intensive businesses to the state. She also served as chief of staff of the Commission and was responsible for developing policy positions and programs on state and federal matters for the staff, advising the commission on legal and regulatory matters, acting as the regulatory liaison with stakeholders and other state

agencies, negotiating multifaceted cases, assisting in the development and implementation of legislative policies and initiatives, and participating in the day-to-day operations of the agency. Prior to joining the Commission, Ms. Bojko advocated for residential consumers at the Ohio Consumers' Counsel and was also in private practice representing industrial consumers and suppliers of regulated and competitive natural gas, electricity, telecommunications, and water services.

Renewable Resource Ventures, LLC will be a consultant to or administer of aggregation programs, and will not be directly entering into contracts with the end-use consumers or provide billing services pursuant to the aggregation programs. The consumers will continue to enter into contractual arrangements with a certified retail electric supplier (or through an opt-out arrangement) and will be billed by either that supplier or their electric utility. Customer inquiries and complaints will be directed to the supplier who has contracted with them or the customer's electric utility.

Exhibit B-3 "Summary of Experience"

While Renewable Resource Ventures, LLC is a newly formed company, the managers of Renewable Resource Ventures, LLC, have many years of experience in the energy industry, working with municipalities, utility companies, suppliers, and other governmental agencies. The managers are officers of the Member Companies that have provided energy consulting, energy efficiency, and financing services, have constructed renewable energy facilities, and have entered into contractual arrangements with consumers for the delivery of renewable energy, including 5 solar power arrays in operation with several more under construction or in contract.

Exhibit B-4 “Disclosure of Liabilities and Investigations”

Renewable Resource Ventures, LLC has no existing, pending, or past rulings, judgments, revocations of authority, regulatory investigations, or any other matter that would adversely impact its financial or operational status or ability to provide aggregation services.

Exhibit C-1 “Annual Reports”

Renewable Resource Ventures, LLC is a privately held company and is not required to prepare annual reports.
