Section 7 - BUSINESS NETWORK SWITCHED SERVICES

7.1 GENERAL

Business Network Switched Service provide a business customer with three (3) or less access line connections to the Company's switching network which enables the customer to:

[C]

- a. receive calls from other stations on the public switched telephone network;
- b. access the Company's local calling service;
- c. access the Company's operators and business office for service related assistance; access toll-free telecommunications service such as 800 NPA; and access 911 service for emergency calling; and
- d. access the service of providers of interexchange service or intraLATA toll service. A customer may presubscribe to such provider's service to originate calls on a direct dialed basis or to receive 800 service from such provider, or may access a provider on an ad hoc basis by dialing the provider's Carrier Identification Code (10XXX). At the time of initial subscription, the customer shall designate a Primary Interexchange Carrier (PIC) for intra-LATA and inter-LATA toll service. If the customer does not select an intra-LATA PIC, and does not request blocking of intra-LATA toll calls, the Company shall be deemed to have been designated as the customer's intra-LATA PIC.

TelCove, when providing toll service, may "universally" block access to all toll providers for nonpayment of regulated toll charges, so long as the blocked customer is not denied the right to select, through a presubscribed interexchange change (PIC) mechanism, any other 1 + presubscribed toll service provider who is obligated to provide such service under the terms of the Selective Access Policy. Under the terms of the Selective Access Policy, TelCove when providing toll service, may not deny establishment of 1 + presubscribed toll service on the grounds that the customer has failed to establish creditworthiness, if: (a) the customer is able to establish creditworthiness using one of the means for doing so available under the Public Utilities Commission of Ohio's (PUCO) rules, or (b) TelCove, when providing toll service, exercising its own discretion, does not require the customer to establish creditworthiness (through any of the means available for doing so under the PUCO rules), or (c) TelCove, when providing toll service, attempts to require the customer to establish creditworthiness using credit establishment procedures which do not comport with the PUCO's credit establishment policies and/or are not set forth within a PUCO approved tariff. When a prospective customer, who has previously been universally blocked for nonpayment of toll charges by another carrier, seeks to select TelCove as his or her 1 + carrier of choice, TelCove may, subject to our tariffed toll deposit policies and the Commission's rules on establishment of service (See Rules 4901:1-5-14 and 4901:1-5-15, Ohio Administrative Code, [O.A.C.]), require a deposit for toll service. This deposit shall be in accordance with Rule 4901:1-5-13 (A) (3), O.A.C., but TelCove may negotiate a lower deposit. TelCove may furnish credit information, acquired from TelCove's won experiences with the customer, to consumer reporting agencies within the meaning of the Federal Fair Credit Reporting Act. In addition to the main listing as described above, the following options are available for an additional charge.

a. Indented Listings

An indented listing is indented under a standard listing or under a caption, and may not include more than a designation, address, and telephone number. When the same designation is appropriate for two or more indented listings, it may be shown as a sub-caption. Indented listings are permissible when a Customer is entitled to two or more listings of the same name with different addresses or different telephone numbers.

Section 7 - BUSINESS NETWORK SWITCHED SERVICES

7.1 GENERAL

Business Network Switched Service provide a business customer with one (1) access line connection to the Company's switching network which enables the customer to:

[C]

- a. receive calls from other stations on the public switched telephone network;
- b. access the Company's local calling service;
- c. access the Company's operators and business office for service related assistance; access toll-free telecommunications service such as 800 NPA; and access 911 service for emergency calling; and
- d. access the service of providers of interexchange service or intraLATA toll service. A customer may presubscribe to such provider's service to originate calls on a direct dialed basis or to receive 800 service from such provider, or may access a provider on an ad hoc basis by dialing the provider's Carrier Identification Code (10XXX). At the time of initial subscription, the customer shall designate a Primary Interexchange Carrier (PIC) for intra-LATA and inter-LATA toll service. If the customer does not select an intra-LATA PIC, and does not request blocking of intra-LATA toll calls, the Company shall be deemed to have been designated as the customer's intra-LATA PIC.

TelCove, when providing toll service, may "universally" block access to all toll providers for nonpayment of regulated toll charges, so long as the blocked customer is not denied the right to select, through a presubscribed interexchange change (PIC) mechanism, any other 1 + presubscribed toll service provider who is obligated to provide such service under the terms of the Selective Access Policy. Under the terms of the Selective Access Policy, TelCove when providing toll service, may not deny establishment of 1 + presubscribed toll service on the grounds that the customer has failed to establish creditworthiness, if: (a) the customer is able to establish creditworthiness using one of the means for doing so available under the Public Utilities Commission of Ohio's (PUCO) rules, or (b) TelCove, when providing toll service, exercising its own discretion, does not require the customer to establish creditworthiness (through any of the means available for doing so under the PUCO rules), or (c) TelCove, when providing toll service, attempts to require the customer to establish creditworthiness using credit establishment procedures which do not comport with the PUCO's credit establishment policies and/or are not set forth within a PUCO approved tariff. When a prospective customer, who has previously been universally blocked for nonpayment of toll charges by another carrier, seeks to select TelCove as his or her 1 + carrier of choice, TelCove may, subject to our tariffed toll deposit policies and the Commission's rules on establishment of service (See Rules 4901:1-5-14 and 4901:1-5-15, Ohio Administrative Code, [O.A.C.]), require a deposit for toll service. This deposit shall be in accordance with Rule 4901:1-5-13 (A) (3), O.A.C., but TelCove may negotiate a lower deposit. TelCove may furnish credit information, acquired from TelCove's won experiences with the customer, to consumer reporting agencies within the meaning of the Federal Fair Credit Reporting Act. TelCove will follow all requirements that consumer reporting agencies must follow in issuing credit reports within the meaning of the Federal Fair Credit Reporting Act. Upon payment by the customer of all past due toll debt to TelCove, TelCove will remove the block and all 1 + dialing capabilities, including 10 -XXX, will be restored.

EXHIBIT D

September 16, 2011

Dear Customer:

Beginning on September 16, 2011, the prices, service descriptions, and the terms and conditions for services other than a primary line provided by Level 3 Communications, TelCove Operations, Broadwing Communications, and WilTel Communications will no longer be on file at the Public Utilities Commission of Ohio (PUCO).

This modification does not automatically result in a change in the prices, terms, or conditions of those services to which you currently subscribe. Level 3 Communications, TelCove Operations, Broadwing Communications, and WilTel Communications must still provide a customer notice at least fifteen days in advance of rate increases, changes in terms and conditions and discontinuance of existing services.

Since these services will no longer be on file with the Commission, this means that the agreement reached between the customer and the company will control new services or changes in service. For any new services or changes in service, it will be important that you carefully review and confirm the price, terms and conditions.

If you have any questions about this matter, please call Level 3 Communications, TelCove Operations, Broadwing Communications, and WilTel Communications at the toll free number, 1-877-2LEVEL3, or visit us at www.level3.com.

Sincerely,

Level 3 Communications, LLC
Broadwing Communications, LLC
TelCove Operations, LLC
WilTel Communications, LLC
