Re: Mercantile Application of Ohio Edison Company and PPG Industries Inc.
Case No. 09-1224-EL-EEC

To the Public Utilities Commission of Ohio:

On December 23, 2009, Ohio Edison Company ("Ohio Edison") and PPG Industries Inc. (the "Customer") filed an Application in this docket to commit the energy efficiency savings realized by the Customer's energy efficiency project(s) for integration with Ohio Edison's energy efficiency program to meet Ohio Edison's statutorily imposed energy efficiency and peak demand reduction requirements. In exchange for the commitment of its energy savings to Ohio Edison, the Customer sought an exemption from Ohio Edison's energy efficiency cost recovery rider. The Application is currently pending before the Commission.

The Customer subsequently determined that it preferred a cash rebate payment instead of a rider exemption. Accordingly, the Customer amended its Application on June 20, 2011, to seek a cash rebate payment of \$127,666. A document demonstrating how this cash rebate payment was calculated is attached to this letter. There are no substantive differences between the original Application and the amended Application other than the request for a cash rebate instead of a rider exemption. Accordingly, Ohio Edison requests that the Commission approve the Application and permit the Customer to receive the requested cash rebate payment.

Should you have any questions, please feel free to contact the undersigned.

Sincerely,

/s/ Kevin P. Shannon
