Customers may request disconnection verbally or in writing. The company will provide written notice in compliance with Rule 17 of the MTSS to the customer prior to the disconnection of service. Such disconnection shall not relieve the customer of the obligation to pay any charges incurred under the service order and this tariff prior to termination. (H) Service is provided on a monthly basis. All calculations of dates set forth in this tariff shall be based on calendar days, unless otherwise specified herein. The prorating of bills for partial monthly service will be calculated on this basis.

(I) This tariff shall be interpreted and governed by the laws of the State of Ohio without regard for its choice of laws provisions.

(J) The Customer has no property right to the telephone number or any other call number designation associated with services furnished by the Company. The Company reserves the right to change such numbers, or the central office designation associated with such numbers, or both, assigned to the Customer, whenever the Company deems it necessary to do so in the conduct of its business.

(K) The Customer agrees to operate any Company-provided equipment in accordance with instructions of the Company or the Company's agent. Failure to do so will void Company liability for interruption of service and may make the Customer responsible for damage to equipment.

(L) Service may be terminated in accordance with Rule 17 of the MTSS.

(M) No other telecommunications provider may interfere with the right of any person or entity to obtain service directly from the Company. No person or entity shall be required to make any payment, incur any penalty, monetary or otherwise, or purchase any services in order to have the right to obtain service directly from the Company.

2.1.3 Liability of the Company

(A) THE COMPANY MAKES NO WARRANTIES OR REPRESENTATIONS, EXPRESS OR IMPLIED EITHER IN FACT OR BY OPERATION OF LAW, STATUTORY OR OTHERWISE, INCLUDING WARRANTIES OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR USE, EXCEPT THOSE EXPRESSLY SET FORTH HEREIN.

Under the terms of this tariff the Public Safety Agency must agree, (except where the events, incidents, or eventualities set forth in this sentence are the result of the Company's gross negligence or willful misconduct), to release, indemnify, defend and hold the Company harmless from any and all losses or claims whatsoever, whether suffered, made instituted, or asserted by the Public Safety Agency or by any other party or person, for any personal injury to or death of any person or persons, or for any loss, damage, or destruction of any property, whether owned by the customer or others. Under the terms of this tariff, the Public Safety Agency must also agree to release, indemnify, defend and hold the Company harmless for any infringement of invasion of the right of privacy of any person or persons, caused or claimed to have been caused, directly or indirectly, by the installation, operation, failure to operate, maintenance, removal, presence, condition, occasion or use of 911 service features and the equipment associated therewith, or by any services furnished by the Company including, but not limited to, the identification of the telephone number, address or name associated with the telephone used by the party or parties accessing 911 service hereunder, and which arise out of the negligence or other wrongful act of the Public Safety Agency, its users, agencies or municipalities, or the employees or agents of a one of them, or which arise out of the negligence, other than gross negligence or willful misconduct, of the Company, its employees or agents.

2.1.4.5 The Company shall not be responsible for the installation, operation, or maintenance of any Customer-provided communications equipment. Where such equipment is connected to the facilities furnished pursuant to this tariff, the responsibility of the Company shall be limited to the furnishing of facilities offered under this tariff and to the maintenance and operation of such facilities. Beyond this responsibility, the Company shall not be responsible for:

2.1.6 Universal Emergency Telephone Number Service (911, E911)

2.1.6.1 This tariff does not provide for the inspection or constant monitoring of facilities to discover errors, defects, or malfunctions in the service, nor does the Company undertake such responsibility.

2.1.6.2 911 information consisting of the name, address and telephone number(s) of customers is confidential. The Company will release such information only after a 911 call has been received, on a call-by-call basis, only for the purpose of responding to an emergency call in progress.

2.1.6.3 The 911 calling party, by dialing 911, waives the privacy afforded by unlisted and nonpublished service to the extent that the telephone number, name and address associated with the originating station location are furnished to the Public Safety Answering Point.

2.1.6.4 After the establishment of service, it is the Public Safety Agency's responsibility to continue to verify the accuracy of and to advise the Company of any changes as they occur in street names, establishment of new streets, changes in address numbers used on existing streets, closing and abandonment of streets, changes in police, fire, ambulance or other appropriate agencies' jurisdiction over any address, annexations and other changes in municipal and county boundaries, incorporation of new cities or any other similar matter that may affect the routing of 911 calls to the proper Public Safety Answering Point,

2.1.7 Non-routine Installation

At the Customer's request, installation and/or maintenance may be performed outside the Company's regular business hours or in hazardous locations. In such cases, charges based on cost of the actual labor, material, or other costs incurred by or charged to the Company will apply. If installation is started during regular business hours but at the Customers request, extends beyond regular business hours into time periods including, but not limited to, weekends, holidays, and/or night hours, additional charges may apply. 2.2 Prohibited Uses

2.2.1 The services the Company offers shall not be used for any unlawful purpose or for any use as to which the Customer has not obtained all required governmental approvals, authorizations, licenses, consents and permits.

2.2.3 The Company may require a Customer to immediately shut down its transmission of signals if said transmission is causing interference to others in compliance with MTSS Rule 17.

2.2.4 A customer, joint user, or authorized user may not assign, or transfer in any manner, the service or any rights associated with the service without the written consent of the Company. The Company will permit a customer to transfer its existing service to another entity if the existing customer has paid all charges owed to the Company for regulated communications services. Such a transfer will be treated as a disconnection of existing service and installation of new service, and nonrecurring installation charges as stated in this tariff will apply.
