COMMENT DESCRIPTION:

Please consider denying the 17% proposed/requested AEP distribution price increase. As Seniors this would be a hard ship in these poor economic times. It appears that our bill keeps increasing. Looks like the price per kwh was 5 cents not long ago and has recently increased to 7 cents. A 20% increase already? Please help. Thank you for your consideration.

(If this is the incorrect forum to address this concern, please advise where should be expressed. Attending a public hearing is not a good possibility for us at this time).

Mark Zimmerly
