

November 1, 2011

Betty McCauley Chief of Docketing The Public Utilities Commission of Ohio 180 East Broad Street Columbus, OH 43215

SUBJECT: Case Nos. 10-0388-EL-SSO

89-6006-EL-TRF

Dear Ms. McCauley:

In compliance with the Order of August 25, 2010 in the above mentioned case, please file the attached schedules, bill impacts, and tariff page on behalf of Ohio Edison Company. The attached schedules demonstrate that the revenue requirement is well below the permitted cap for 2012 and provide detailed calculations related to plant in service, accumulated depreciation reserve, income taxes, commercial activity taxes, and property taxes, rate base, depreciation expense, and the resulting revenue requirement all as contemplated by the Combined Stipulation and Order in the above-referenced proceeding.

Further, as set forth in the Combined Stipulation, there have been no net job losses at the Company, or at FirstEnergy Service Company specifically as to employees of the FirstEnergy Service Company who are located in Ohio and provide support for distribution services provided by the Company as a result of involuntary attrition as a result of the merger between FirstEnergy Corp. and Allegheny Energy, Inc. Also included with the filing are estimated bill impacts for multiple usage levels for the different rate schedules reflecting the impact of the Delivery Service Improvement Rider (DSI) charges terminating on December 31, 2011 and the Delivery Capital Recovery Rider (DCR) charges commencing on January 1, 2012.

Finally, attached is a tariff page that reflects the initial pricing of Rider DCR. The Combined Stipulation provides that the Staff and Signatory Parties' recommendations or objections must be filed within 120 days of the filing of this application. Please file one copy of the tariffs in each of the above mentioned Case Nos. 10-0388-EL-SSO and 89-6006-EL-TRF, and distribute two copies to the Staff. Thank you.

Sincerely,

Eileen M. Mikkelsen

Elm M Millelow

Summary of Exclusions per Case No. 10-388-EL-SSO

General Adjustments

ATSI Land Lease Certain amounts (summarized below) in account 350 are associated with land leased to ATSI, FirstEnergy's transmission subsidiary.

Consistent with Case No. 07-551-EL-AIR, these amounts are not jurisdictional to distribution related plant in service, and have been excluded accordingly for each operating company.

There is no accumulated depreciation reserve associated with land.

FERC Account 350	CEI	OE	TE
Gross Plant	\$57,266,431	\$85,290,624	\$15,628,800
Reserve	\$0	\$0	\$0

ESP2 Adjustments

In the ESP2 Stipulation (Case No. 10-388-EL-SSO, page 14), it says "capital additions recovered through Riders LEX, EDR, and AMI will be identified and excluded from Rider DCR and the annual cap allowance."

AMI

For purposes of preparing the 2011 Budget (version 12), all plant in service associated with AMI was budgeted to FERC Account 370. The total budgeted amount was allocated among FERC accounts 362, 364, and 370 to more appropriately reflect the AMI related investment expected to be made by the Company, and to provide a more accurate calculation of depreciation expense. Only CEI has an AMI project so this exclusion does not impact OE or TE.

FERC Account	CEI			
PERC ACCOUNT	Gross	Reserve		
362	\$9,404,760	\$470,238		
364	\$3,900,592	\$195,030		
370	\$3,282,555	\$168,981		
Grand Total	\$16,587,908	\$834,249		

<- Amounts included in account 370 in 2011 Budget, version 12

LEX

As implemented by the Companies, Rider LEX will recover deferred expenses associated with lost up-front line extension payments from 2009-2011. These deferred expenses are recorded as a regulatory asset, not as plant in service, on the Companies' books. Therefore, there is no adjustment to plant in service associated with Rider LEX.

EDR

There is currently no plant in service projected for 12/31/2011 associated with Rider EDR (provision g).

Service Company Allocations to the Ohio Operating Companies

NOTES

(C) - (E) Service Company plant balances as of May 31, 2007.

In Case No. 07-551-EL-AIR, CEI and TE did not have an accrual rate for Account 303 (FAS 109 - General). Assumed to be the same as OE.

Assumes that the accrual rate, by account, for Service Company plant is the equal to the weighted average of the three operating companies.

⁽F) - (H) Source: Case No. 07-551-EL-AIR. Staff workpapers, Schedule B3.2.

⁽I) Weighted average of columns F through H based on Service Company allocation factors on Line 2.

⁽J) Estimated depreciation expense associated with Service Company plant as of 5/31/07. Calculation: Column C x Column I.

Includes accounts 390.1 and 390.2.

^{**} Weighted average accrual rate is taken over CEI and OE only. (TE had no balance in Case No. 07-551-EL-AIR).

^{***} Includes accounts 397 and 397.1

Depreciation Rate for Service Company Plant

Intangible Depreciation Expense Calculation

NOTE

The software accounts are amortized over a 7 year period (leading to an accrual rate of 14.29%), and many of these accounts have already been fully amortized. Therefore, applying the 14.29% accrual rate to the Gross Plant (the methodology employed for all other accounts) overstates the "depreciation expense" associated with intangible plant. This workpaper looks at each sub account within intangible plant and calculates the expense by applying the 14.29% to only those sub-accounts that are not fully amortized yet.

Company	Utility Account	Function	Gross Plant Dec-11	Reserve Dec-11	Net Plant Dec-11	Accrual Rates	Depreciation Expense

- (C) Source: Stipulation in Case No. 07-551-EL-AIR.
- (D) Calculation: Individual Non-RS Rate Schedule Total from Column C / (1 RS Total from Column C).
- (E) Besides customers taking service under Rate Schedule RS, Rider DCR is only applicable to customers taking service under Rate Schedule GS, GP, and GSU. Thus, the portion of the distribution rate increase allocated to Rate Schedules GT, STL, POL, and TRF per the Stipulation in Case No. 07-551-EL-AIR needs to be re-allocated across Rate Schedules GS, GP and GSU
 - Calculation: ((Column D) / Sum of GS, GP, GSU from Column D)
- (F) Calculation: Total DCR Revenue Allocated to Non-RS customers from Section II x Column E.

Rider Charge Calculation - Rider DCR (Delivery Capital Recovery Rider)

Ohio Edison Company Original Sheet 124

Akron, Ohio P.U.C.O. No. 11 Page 1 of 1

RIDER DCR Delivery Capital Recovery Rider

APPLICABILITY:

Applicable to any customer who receives electric service under the Company's rate schedules set forth below. The Delivery Capital Recovery Rider (DCR) charges will apply, by rate schedule, effective for bills rendered beginning January 1, 2012. This Rider is not avoidable for customers who take electric generation service from a certified supplier.

RATE:

RS (all kWhs, per kWh)	0.2135¢
GS (per kW of Billing Demand)	\$ 0.7604
GP (per kW of Billing Demand)	\$ 0.5406
GSU (per kVa of Billing Demand)	\$ 0.2263

PROVISIONS:

The charges set forth in this Rider recover costs associated with delivery plant investments made since the date certain in Case No. 07-551-EL-AIR, exclusive of any delivery plant investments being recovered elsewhere.

RIDER UPDATES:

The charges contained in this Rider shall be updated on a quarterly basis. No later than October 31st, January 31st, April 30th and July 30th of each year, the Company will file with the PUCO a request for approval of the Rider charges which, unless otherwise ordered by the PUCO, shall become effective on a bills rendered basis on January 1st, April 1st, July 1st and October 1st of each year.

Effective: January 1, 2012

This foregoing document was electronically filed with the Public Utilities
