v.	)	Case No. 10-2656-EL-CSS
	)	
The Cleveland Electric Illuminating	)	
Company,	)	
	)	
Respondent.	)	

ENTRY

The attorney examiner finds:

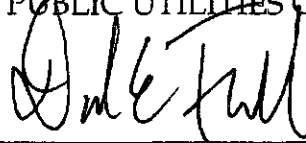

- (1) By entry issued August 11, 2011, an evidentiary hearing in this case was originally scheduled to occur on September 7, 2011. By entry issued August 30, 2011, the hearing was rescheduled to occur on November 8, 2011.
- (2) By e-mail correspondence dated October 31, 2011, the attorney examiner has been informed by counsel for the respondent that recent settlement discussions between the parties appear to have resulted in a resolution of all the issues raised in this complaint case. However, the parties are still engaged in the process of finalizing their settlement agreement prior to its execution and formal submission to the Commission.
- (3) Based on the information described in finding (2) above, the attorney examiner finds it appropriate to, by this entry, postpone indefinitely the hearing currently scheduled for November 8, 2011. The purpose for such a postponement is to allow the parties a limited opportunity to finalize, and to submit, a settlement agreement that will resolve all of the issues in this case. In the event that such a settlement agreement is not filed in the near future, the attorney examiner will attempt to contact the parties to determine the status of the settlement and, depending upon what he learns, may decide to, once again, schedule a formal hearing in this case.

It is, therefore,

ORDERED, That the hearing in this case currently scheduled for November 8, 2011, is hereby postponed indefinitely, in accordance with the findings above. It is, further,

ORDERED, That a copy of this entry be served upon all parties of record.
