Re: OneLink Communications, Inc.
Case No. 11-5172 -TP-ATA

Dear Sir or Madam:

OneLink Communications, Inc. is a switchless long distance reseller. OneLink originally filed its detariffing application with the OPUC on April 10, 2009, including all required attachments. However, the company also filed the Commission's most recent detariffing application, without attachments, because there seemed to be no option for stating that detariffing had already taken place.

We have spoken with Mr. Brandon Jenkins of your office who instructed OneLink to notify the Docketing Division that the company had previously filed its detariffing application, along with all required attachments.

Therefore, OneLink respectfully requests that the above-referenced case, No. 11-5172, be dismissed.

Thank you for your assistance with this matter.

Best regards,

Enrique Martinez
President
