PUCO

In regards to American Electric Power wanting to  
have another rate increase in their services.  
I strongly oppose this. They had increases for 3  
straight yrs. which combined amounted to 20 to 25%  
This was for the yrs. 07-08-09 or 08-09-10. I could  
not find the articles I cut out of our local newspaper  
on these increases for each yr. If I could had found  
them I would have sent them to you. I understand  
you will have to decide if they get the increases they  
want. I hope you deny this increase. They are putting  
a huge burden on all of us. This is not a time to be  
adding more financial problems on people already  
stretched to paying bills. This is also in regards  
to the Ball # 11-351-EL-ARI. I was told to  
put in my letter when I send it to PUCO.

Thank You
