THE OHIO POWER SITING BOARD

In the Matter of the Application of)
Lawrence County Energy Center, LLC)
for a Certificate of Environmental)
Compatibility and Public Need for the) Case No. 01-369-EL-BGN
Lawrence County Energy Center)
Electric Generation Facility in Lawrence)
County, Ohio.)

ENTRY

The Ohio Power Siting Board finds:

- (1) On January 28, 2002, the Ohio Power Siting Board (Board) issued a Certificate of Environmental Compatibility and Public Need (certificate), authorizing Lawrence County Energy Center, LLC (LCEC) to construct the Lawrence County Energy Center electric generation facility in Lawrence County, Ohio. According to condition 32 set forth in the Board's opinion, order, and certificate, the certificate would become invalid if LCEC had not commenced a continuous course of construction of the proposed facility within five years of the date of the journalization of the certificate.
- (2) By entry issued November 20, 2006, the Board approved the transfer of the certificate issued in this case from LCEC to Ironton Energy Center, LLC (Ironton) and extended the time frame specified in condition 32 of the certificate until July 31, 2009.
- (3) By entry issued July 13, 2009, the Board again extended the timeframe contained in condition 32 to expire on July 31, 2010. No further extensions of the timeframe contained in condition 32 have been requested.
- (4) An entry was issued October 3, 2011, which provided that, in light of the fact that Ironton has not filed any addition requests for an extension of the timeframe contained in condition 32, if Ironton did not file a request for an extension in this docket by October 17, 2011, it would be recommended that this case be dismissed.
- (5) Ironton did not make any filing indicating that it intends to seek an extension in this docket. Accordingly, the Board finds that this case should be dismissed.

It is, therefore,

ORDERED, That Case No. 01-369-EL-BGN be dismissed. It is, further,

ORDERED, That a copy of this entry be served upon all parties of record.
