THE OHIO POWER SITING BOARD

In the Matter of the Application of Hog)
Creek Wind Farm, LLC for an Amendment)
to its Certificate of Environmental)   Case No. 11-5543-EL-BGA
Compatibility and Public Need for the Hog)
Creek Wind Farm II Electric Generation)
Facility in Hardin County, Ohio.)
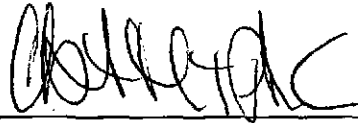

ENTRY

The administrative law judge finds:

(1)   By order on certificate amendment issued November 28, 2011, the Ohio Power Siting Board (Board), *inter alia*, approved the application filed by Hog Creek Wind Farm, LLC (Hog Creek) for an amendment to the certificate issued in Case No. 10-645-EL-BGN, for the Hog Creek Wind Farm II facility, as described in the order. In addition, the Board directed Hog Creek to file an amended motion for protective order by December 14, 2011, with regard to its request for protective treatment of the REpower MM100 safety manual.

(2)   On December 14, 2011, Hog Creek filed a motion for extension of time to file its amended motion for protective order, requesting that the deadline for filing the amended motion be extended to January 13, 2012. In support of its motion, Hog Creek states it is working with the manufacturer of the turbine that is the subject of the manual; however, to date, Hog Creek has not received final confirmation as to what pages should be treated as confidential.

(3)   Upon consideration of Hog Creek's motion for extension of the deadline for the filing of the amended motion for protective order, the administrative law judge finds that the request is reasonable and should be granted. Accordingly, the deadline should be extended to January 13, 2012.

It is, therefore,

ORDERED, That Hog Creek's motion for extension be granted and the amended motion be filed by January 13, 2012. It is, further,

ORDERED, That a copy of this entry be served upon Hog Creek and all interested persons of record.

THE OHIO POWER SITING BOARD
