Docketing Case No.: AEP Distribution Rate Case

Notes:

Callers bill went up 300% though her consumption went down. They have been a small business in operation since 1947. This ridiculous increase can single handedly put them out of business. An increase is understandable but 300% is outrageous and unfair. She is very disappointed in both the company for even requesting such a greedy amount and the PUCO for agreeing to such an unreasonable amount. Please docket the attached in the case number above.
