Subject: PUCO Decisions regarding electricity rates

Message: Gov Kasich, I can't believe what the PUCO has done regarding electricity rates. I am a small business owner. Our transmission rates have skyrocketed. I'm told the PUCO made some changes which allowed (forced) AEP to shift more burden to small businesses. What are these people thinking? The recession is still with us, so it's still extremely difficult to make ends meet. Now my electric bill has gone up several hundred dollars a month, and there's not a thing I can do about it. You may be business-friendly, but PUCO is certainly not. The Commissioners are your appointees. Would you please step in and make them correct this? It's truly a matter of survival for us.
