Docketing Case No.:11-346-EL-550

Notes:

I am writing in reference to case 11-346-EL-550. Our electric bill for our barn and house which are billed separately has increased dramatically. The bill for our barn increased 400% last month. Our home electric bill which normally runs 50-80 dollars a month in the winter has doubled. I do not think the customers of AEP should be subjected to this increase in this time of need. Our economy in this area is terrible. There are many people still out of work since DHL/Airborne closed 2 years ago. We have 4 family members still unemployed since

this closure and their unemployment is now gone. How does a company like AEP think people will survive or does it matter to them?

Please docket the attached in the case number above.
