THE PUBLIC UTILITIES COMMISSION OF OHIO

In the Matter of the Filing of Annual)
Reports for Calendar Year 2011 by) Case No. 12-08-RR-RPT
Intrastate Railroads.)

ENTRY

The Commission finds:

- (1) Section 4907.20, Revised Code, requires a railroad company to complete forms submitted to it by the Commission. An annual report form or on-line report is posted with instructions at www.puco.ohio.gov/puco/docketing. Each railroad listed on the attachment to this entry shall file its annual report in this case by April 30, 2012.
- (2) With respect to changes from last year's proceedings, the Commission has been reducing expenses by adopting the use of e-mail service wherever practical. To further this effort, the Commission will now require any regulated entity that wishes to continue receiving paper copy service from the Commission via regular mail, to submit the form attached to this entry. Each railroad that can accommodate service by e-mail should subscribe to the railroad industry listserve, if they have not already done so, and take appropriate actions to ensure that e-mail from the Commission is not blocked or disabled. In addition, multiple addresses should be subscribed to ensure that service is completed.
- (3) As noted in the Commission's August 3, 2011 entry in last year's annual report dockets, Case No. 11-01-EL-RPT, et al., Section 4905.10(A), Revised Code, requires that any reporting entity pay at least \$100 minimum assessment regardless of intrastate gross revenues. While in past years, the Commission has not applied this minimum assessment for entities who reported no Ohio intrastate gross revenues, this year the Commission intends to begin assessing the \$100 minimum for all reporting entities, including those who have no intrastate gross revenues.
- (4) Each railroad on the attached list must file an annual report with the Commission even if the railroad was not in business or

did not have intrastate gross earnings during calendar year 2011. Failure to file an annual report may result in revocation of a company's authority to operate in Ohio.

- (5) Each railroad must file its annual report under its exact name used in its previous report, unless the railroad has filed a name change notification with the Commission, and has referenced the case number in its annual report. If the railroad has not yet filed to formally change its name with the Commission, the railroad's annual report should reflect the prior name of the railroad, along with a dba (doing business as) designation and the new company name.
- (6) Pursuant to Section 4905.54, Revised Code, any public utility's failure to comply with the Commission's directive may result in the assessment of substantial penalties. All information required to be submitted in a company's report is subject to audit by the Commission. All annual reports received by the Commission are public records and will not be accorded confidential treatment.
- (7) The Commission is again directing all reporting companies to cooperate in the transition to a paperless filing process by subscribing to the appropriate industry listserve(s), and by filing their reports electronically. The Commission is continuing to develop on-line reporting forms that should help to minimize data input and reporting costs. Currently, on-line reporting forms are available for all telephone industry reports, some gas industry segments, and all gas and electric competitive supplier reports. Further, electronic filing (E-filing) or submission of annual reports for all industries and segments is now available and encouraged. These processes incorporate the procedures adopted in Case No. 06-900-AU-WVR to permit the E-filing of documents via the internet using the Commission's Docketing Information System, pursuant to Ohio's Uniform Electronic Transactions Act, Chapter 1306, Revised Code. The procedures established in that case provide for the voluntary participation of parties who agree to conventions for validation of filings and signatures, electronic service of documents, and waiver of certain requirements contained in Rules 4901-1-02 to 4901-1-04, Ohio Administrative Code. Further information and assistance is available at

<http://dis.puc.state.oh.us> or by calling the Docketing Division
at (614) 466-4095.

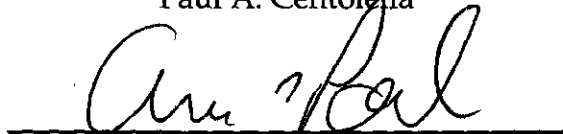

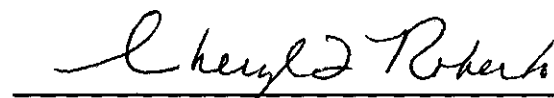

It is, therefore,

ORDERED, That each listed railroad file its annual report to the Commission by April 30, 2012. It is, further,

ORDERED, That any listed railroad requiring paper copy service of notices and pleadings from the Commission via regular mail, file the attached form in this docket by April 30, 2012. It is, further,

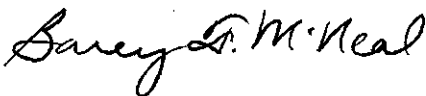

ORDERED, That notice of this entry be served upon via the railroad industry listserve, and by e-mail or paper copy for each entity as indicated on the attached list.
