COMPLAINT DESCRIPTION:

I have several electric accounts servicing apartment complexes in Marietta, Ohio and Canton, Ohio. The electric has recently jumped significantly which has constrained my ability to keep rents reasonable for my tenants. Please reference PUCO Case # 11-346-EL-SSO. Utility rates on one of my Canton accounts went from \$629 to \$1500-- this is incredibly outrageous and I am unable to raise rents to cover this type of significant increase. Not only does this affect my business, but over 200 families who live in my apartments.
