ACCESS SERVICES

2. Intrastate Carrier Common Line Access Service (cont'd)

2.7 Rate Regulations (cont'd)

2.7.5 Determination of Premium and Non-Premium Charges

After the adjustments as set forth in 2.7.4 preceding have been applied, when necessary, to Switched Access Service access minutes, charges for the involved customer account will be determined as follows:

- (A) Access minutes for all premium rated Switched Access Service subject to Carrier Common Line charges will be multiplied by the Premium Access per minute rate as set forth in the Telephone Company's Intrastate Access Service Tariff.
- (B) Access minutes for all FGB Access Services with an Abbreviated Dialing Arrangement (ADA) subject to Carrier Common Line Charges will be multiplied by the Premium Access per minute rate as set forth in the Telephone Company's Intrastate Access Service Tariff. In non-equal end offices, the result is then multiplied by the ADA rate factor as set forth in the Telephone Company's Intrastate Access Service Tariff.
- (C) Carrier Common Line charges shall not be reduced as set forth in 2.6.1 preceding unless Switched Access Charges, as set forth in Section 6 of Frontier Telephone Companies Tariff FCC No. 2 are applied to the customer's Switched Access Services. (C)
- (D) Terminating Premium Access or Non-Premium Access, per minute charge(s) apply to:
 - (1) All terminating access minutes of use, less those terminating access minutes of use associated with Wireless Switching Centers (WSCs).
 - (2) All originating access minutes of use associated with FGA Access Services where the off-hook supervisory signaling is forwarded by the customer's equipment when the called party answers.
