### **Description and Justification**

Per the Case No. 10-2387-TP-COI, paragraph 5 requests supporting calculation for the proposed transitional intrastate access rates. The Chillicothe Telephone Company's intrastate rates mirror the FCC Tariff No. 1 rates, except for the Carrier Common Line.

According to the November 18, 2011 "FCC Order" the intrastate terminating end office (including Carrier Common Line) in excess of the interstate rate(s) will be reduced by 50 percent of the differential between the rate and carrier's interstate access rate(s).

Section 1.        Intrastate Access (Cont'd)

(B)        Access Rates

The rates, charges, and conditions for the provision of intrastate Carrier Access Service are as specified in The Chillicothe Telephone Company Interstate Access Services, Tariff F.C.C. NO. 1, as it now exists, and as it may be revised, added to or supplements. Section 4, End User Services, is not effective in Ohio.

Carrier Common Line Access Service terms and conditions appear in Section 2, Sheets 1-14 herein, whereas the rates have been moved to Section 2, Sheet 14 herein.

On November 18, 2011, the Federal Communications Commission (FCC) released its Report and Order and Further Notice of Proposed Rulemaking (Report and Order) in WC Docket No. 07-135 et al.. In the Matter of Establishing just and Reasonable Rates for Local Exchange Carriers. In its Report and Order, the FCC adopted a transitional intercarrier compensation restructuring framework for both intrastate and interstate telecommunications traffic exchanged with a local exchange carrier, which will ultimately result in bill and keep. (N)

During the first phase of the its intercarrier compensation restructuring, the intrastate terminating switched end office and transport rates, originating and dedicated transport rates, and reciprocal compensation rates above the carrier's interstate access rates, the respective intrastate rates must be reduced by 50 percent of the differential between the intrastate rates and carrier's interstate access rates by July 1, 2012.

The above mentioned end office rates include carrier common line access service. These rates will be adjusted accordingly in Section 2, Sheet 14 herein. (N)

For end User Service the Public Utilities Commission of Ohio ordered that the service not be implemented.

Certain materials previously found on this page now appear on First Revised Sheet No. 3.
