RE: Pipeline Infrastructure Replacement Charge

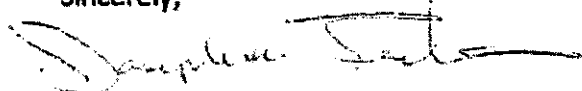

Gentlemen:

In connection with Case No. 11-3238-GA-RDR, The Public Utilities Commissions of Ohio erred in their approach to recover replacement costs of older pipelines. As a renter with a limited fixed income, I had no knowledge of this new monthly charge of \$20.37 per month. The owner of the unit I am renting should be responsible for any improvements. The three blocks of Kenridge I live in are all rental buildings. Beyond these three blocks you have private homes and their lawns have been torn up to replace pipelines. However, since the rental units probably have larger pipelines, no replacement pipelines have been replaced. Probably because there are usually at least 4 apartments per property.

If I had known of the PUC case I would have provided them with the case that the property owner and not the lessee, should pay for all improvements.

I am now faced, at 77 years old, with cutting my food budget to pay for this illegal assessment. This is totally unfair to those renting with a fixed income.

Sincerely,

Joseph M. Lechiara
