Exhibit A-10 "Corporate Structure"

Independent Energy Consultants, Inc. has eight employees and two contractors who provide administrative and information technology support. The office address is 215 W Garfield Road Suite 210, Aurora, OH 44202. The corporation does not have any affiliates and subsidiary companies that supply retail or wholesale electricity or natural gas to customers in North America. The corporation seeks to outsource key functions where possible. It has and will continue to hire additional contractors/employees for special projects or when the need arises.

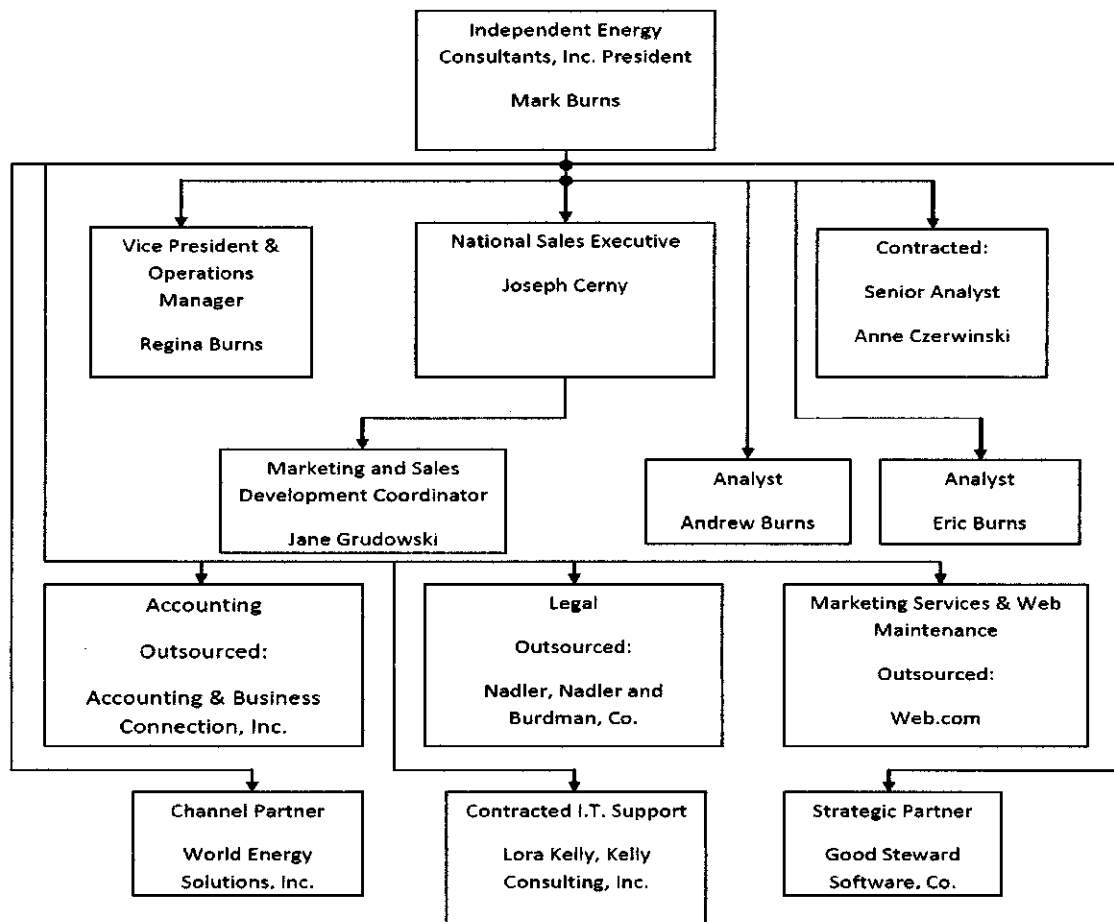

Exhibit B-1 “Jurisdictions of Operation”

Independent Energy Consultants, Inc. is certified by the Public Utilities Commission of Ohio to provide brokerage and aggregation services of natural gas and electricity throughout all deregulated areas of Ohio. They are similarly licensed in:

- Illinois by the Illinois Commerce Commission as an Agent/Broker/Consultant,
- Virginia by the Virginia State Corporation Commission to provide brokerage and aggregation services of natural gas and electricity, and
- The Public Utilities Commission of Texas as an Aggregator of Electric.

Exhibit B-2 "Experience & Plans"

Contract Services: With the aid of its legal counsel, Independent Energy Consultants, Inc. has developed a standard professional services agreement that it will use with its clients. It will also use the respective commodity suppliers' "Independent Agent Agreements" when brokering deals between suppliers and commercial and industrial customers.

Billing Statements: Independent Energy Consultants, Inc. brokers energy contracts for Commercial and Industrial customers and designs and implements Governmental Aggregation programs. In the process it never takes title to electricity, so there is no billing for the commodity. Independent Energy Consultants does provide invoices to its clients for consulting services rendered using a commercially available accounting system.

Customer Service Experience: Independent Energy Consultants, Inc. is currently administering Electric and/or Natural Gas Governmental Aggregation programs that impact a combination of over 100 Ohio communities. Independent Energy Consultants also provides brokerage service to many commercial and industrial customers outside of aggregation programs. Most questions and calls were answered immediately, and all were responded to within 24 hours of receipt. Customer service often came in the form of assisting residents who had contacted their local government and/or Choice supplier and who still had questions or disputes.

Frequent communication with and detailed quarterly reports to governmental aggregators was used as a customer service technique to head off problems before they arose. This involved training of municipal personnel and preparation of material such as Frequently Asked Questions (FAQs), press releases and conducting informational town hall meetings.

Customer Complaints and Inquiries: Independent Energy Consultants, Inc. has helped facilitate the resolution of numerous customer complaints. Virtually all of the questions and complaints, however, concerned matters involving the local utility and/or the supplier of choice.

Inquiries directed to Independent Energy Consultants, Inc. usually pertain to the customers seeking advice on the aggregation process, deciding whether or not to accept an offer, help understanding utility bills, etc.

Customer complaints or inquiries can be made in a number a ways. Customers may contact Independent Energy Consultants, Inc. by:

- Calling the direct number: (330) 995-2675
- Calling the toll free number: (888) 862-6060
- Sending a fax: (800) 574-4508
- Sending an e-mail: mburns@naturalgas-electric.com; rburns@naturalgas-electric.com
- Contact via the Independent Energy Consultants website: info@naturalgas-electric.com

Since the onset of deregulation in Ohio, the founder of Independent Energy Consultants, Inc. has led the development and administration of many government aggregation programs that serve many communities. The cumulative total of these groups represents approximately 200,000 residential customers and tens of thousands of commercial customers. Shown below is a partial list of those programs currently served by Independent Energy Consultants, Inc.
