RE: *In the Matter of the Annual Alternative Energy Status & Compliance Report Under Rule 4901:1-40-05, Ohio Administrative Code, for Ohio Power Company, Case No. 12-1212-EL-ACP.*

Dear Ms. Jenkins:

Ohio Power Company (“OPCo,” “the Company” or “AEP Ohio”) submits the enclosed 2011 Alternative Energy Compliance Plan on behalf of Ohio Power Company pursuant to Rule 4901:1-40-03(C), Ohio Administrative Code. On March 7, 2012, in Case No. 10-2376-EL-UNC, the Commission ordered that the proposed merger of Columbus Southern Power Company with and into Ohio Power Company in accordance with the Merger Agreement be approved to be effective as of December 31, 2011. Accordingly, references in the enclosed report to Ohio Power Company or AEP Ohio, the surviving entity after the merger, include the predecessor interests of Columbus Southern Power Company.

The document filed is the public version of the report. As indicated in the motion for a protective order filed on this day in this docket the report contains certain confidential information. The public version has been redacted accordingly. A confidential copy of the report was filed with the motion for protective order according to Commission rules.

Thank you for your attention to this matter.

Respectfully Submitted,

/s/ Matthew J. Satterwhite
Matthew J. Satterwhite

Annual Compliance Plan Status Report

Introduction

In Case No. 08-888-EL-ORD, the Public Utilities Commission of Ohio (“Commission”) approved Rules for the Alternative Energy Portfolio Standard for electric utilities (“Rules”). The Rule became effective on December 10, 2009. Applying Amended Substitute Senate Bill 221 (“S.B. 221”), the Rules require that each electric utility within the jurisdiction of the Commission adhere to specific advanced and renewable energy benchmark percentages. Each electric utility and electric services company is required to file an annual status and compliance report. This report is to be filed by April fifteenth of each year. Per Ohio Administrative Code (“OAC”) 4901:1-40-05(A), the report shall include the following items:

- The annual review will include compliance with the most recent applicable renewable- and solar-energy resource benchmark.
- The annual compliance reviews shall consider any under-compliance an electric utility or electric services company asserts is outside its control.

Ohio Power Company (“OPCo”) submits this Compliance Plan Status Report for Compliance Year 2011.

In Case No. 10-2376-EL-UNC, OPCo and Columbus Southern Company (“CSP”) requested that the Commission grant any and all authority it deems necessary to consummate and fully implement a merger of OPCo and CSP. On March 7, 2012, the Commission ordered that the proposed merger of CSP with and into OPCo in accordance with the Merger Agreement be approved to be effective as of December 31, 2011. Therefore, a single Annual Compliance Plan Status Report for 2011 is being filed for OPCo. However, within this report, the achievements for OPCo and CSP are separately presented. In 2013, a single report for OPCo will be submitted.

OPCo has achieved compliance in meeting the 2011 Benchmarks for the Ohio Alternative Energy Portfolio Standard. OPCo achieved the Benchmarks for both Non-Solar and Solar Renewables, as shown in the Summary Sheet.

Non-Solar Overview

Non-Solar achievement was met through REC purchases, a renewable energy purchase agreement with wind as the renewable energy resource, and OPCo biomass and biodiesel co-firing for the In-State Benchmark, while the additional non-Solar Benchmark was achieved through a renewable energy purchase agreement with wind as the renewable energy resource. Additional details around the Non-Solar Benchmark are shown in the REC Details Sheet.

Solar Overview

Solar achievement was met through OPCo facilities, the OPCo customer REC Purchase program, and an In-State renewable energy purchase agreement for the In-State Benchmark, while the additional Solar Benchmark was met through the In-State renewable energy purchase agreement and adjacent-State REC purchases. Additional details around the Solar Benchmark are shown in the REC Details Sheet.

Adjustments

OPCo made adjustments for Economic Growth and Customer Choice. These adjustments are stated in the Summary Sheet.

Conclusion

OPCo is compliant with the 2011 Non-Solar and Solar Benchmarks based on the actual RECs achieved in Non-Solar as well as the actual RECs achieved in Solar. Also, OPCo requests that the Commission confirm compliance was achieved and notify OPCo when the RECs for 2009, 2010 and 2011 are to be retired towards OPCo's compliance.
